NEW ST9820

SECURE MICR CHECK PRINTER

The ST9820 is a network-ready, work group printer for moderate budgets.
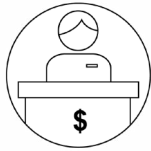

Let's face it, in today's accelerated pace of technology and business change, selecting a work group printer for your secure check printing needs isn't tipping the innovation meter. However, for decades our printers remain a steadfast, critical tool for business people who need to print checks on-demand, securely, and reliably in serving their customers.

The ST9820 Secure MICR Check Printer is the ideal, network-ready, space-saving printer. With duplex printing, the addition of up to 3 paper drawers, and with an LCD displaying "show me"|"tell me" instructions for easy user intervention, the ST9820 is an ideal work group printer.
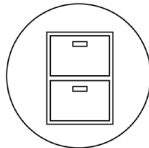

Why Pay More To Do It The Hard Way?

Businesses that disburse checks and secure documents as an important part of serving their customers have found increased security, less cost, and a true lift in productivity through the automation their on-demand check printing process. The key to these efficiencies and improved customer service are simply realized with the utilization of secure MICR laser printers that print all the essentials of a secure check on blank check stock.

Our customers who serve others by printing checks in these business environments love the trifecta gains - *increased security, less cost, and a true lift in productivity* **- from the ST9820 MICR Check Printer:**
