## System Dynamic Simulation Models

Advantexe's simulations are built using a proprietary systems dynamic modeling technique and are updated constantly to reflect changes in markets and other conditions that impact the learning condition.

### AI Enabled

Proprietary AI technology provides real time feedback, insights, and coaching

## Cloud-based

All simulations are cloud-based and highly secure for easy and safe in-person or virtual delivery

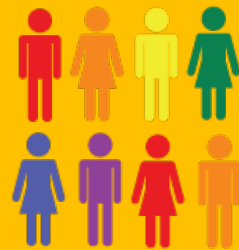

## Off-the-shelf or Customized

Advantexe has over 35 off-the-self simulations or we can work with you to develop a tailored or bespoke solution.

**27**  
Industry Awards

**15**  
Gold Medals

## Over 100K Trained

Advantexe simulations have been used by over 100,000 people globally

## 15 Countries

Our simulations have been delivered around the world
