

3 Advantages of Mock Survey for Home Health + Hospice Agencies

1

**IDENTIFY
RISK AREAS**

2

**DECREASE
TAGS + FEES**

3

**ASSESS
READINESS**

Mock Survey is a process that mimics the State or JACHO Survey Process and identifies survey risk areas, allowing you to begin work on correcting potential problems and incorporate self-identification of high risk, high volume, and/or problem prone areas into your QAPI or other programs.

HEALTHPRO HERITAGE'S TEAM OF EXPERTS

can help prepare your staff for the actual survey + proactively optimize your preparation efforts with an objective eye.
