

Ageless Abilities Memory Care Services

Our Ageless Abilities Clinicians tailor their customized, individualized therapeutic approaches based on whether your resident has early, middle, or late stage Alzheimer's or Dementia.

What is Ageless Abilities?

Ageless Abilities is a highly specialized clinical program guided by certified RISE Senior Living (a division of HealthPRO Heritage) clinicians. Physical, occupational, and speech therapists are trained to recognize, understand, + treat the challenges residents are facing during early, middle, and late stages of Alzheimer's disease or other dementias.

Our approach is armed with strategies and recommendations that celebrate resident's strengths + continued engagement within their environment – which will make significant difference in their quality of life and doesn't lose sight of their uniqueness.

Program Approach

- Special interview techniques to define your resident's individualized profile
- Evidence-based stages of dementia scale to properly assess + anticipate
- Evaluation skills to assess internal + external environmental factors
- Solutions-focused application of clinical expertise
- Education, health literacy, + training resources to support caregivers, resident's, and families

Program Deliverables

- Comprehensive program outline includes use of evidence-based clinical strategies + therapeutic techniques.
- Resources + expertise to stimulate significant health + lifestyle improvements;
- Health literacy tools
- Implementation of an individualized activity-based Functional Maintenance Programs

CELEBRATE

Senior Living Communities have a unique opportunity to support the growing population of those living with Alzheimer's disease and other dementias.

Because many residents in assisted living and post-acute care settings have some degree of dementia, our industry bears a responsibility to deliver innovative solutions for persons living with dementia and their dedicated caregivers. RISE Senior Living is prepared to support your resident's needs.

As the need to care for individuals with Alzheimer's disease + other dementias grows, senior living communities are partnering with RISE Senior Living and using our Ageless Abilities Program in support of a truly robust and comprehensive Memory Care Services. Let us help your residents!

6 million+ Americans are living with Alzheimer's Disease and other dementias that **affect physical, cognitive, emotional capabilities, and quality of life.**

18 million+ By 2050, the number of people living the Alzheimer's Disease and other dementias is projected to **more than triple.**

Health • Dignity • Quality of Life

We invited you to take advantage of our Ageless Abilities Program.
