RE: HealthPRO® Heritage Comprehensive + Proactive Consulting Services

**Infection Prevention & COVID Readiness Assessment +
Observation & Surveying + Education & Competency +
Ongoing Strategy Implementation Support &
Resources + QAPI + Re-Assessments**

Thank you for your interest in a partnership with HealthPRO® Heritage to provide Infection Prevention Consulting Services. HealthPRO® Heritage offers CDC-Certified Infection Preventionists to work ongoing with IDT to assure consistent and lasting infection prevention with survey readiness and support for fortifying 5-star metrics for your community. Our approach is informed by clinical experts from our Clinical Strategies Division with support/input from our Physician Consultant, Dr. James Avery and in strict accordance with CDC and CMS guidelines.

Scope of Services include:

- Comprehensive audit of current infection control-specific workflows, strategy/plans, policies & procedures, education/competencies, QAPI plan, compliance tracking processes. Gap Analysis to be developed. Reassessments/follow-up conducted regularly/as needed.
- Based on the Gap Analysis, collaborate with IDT to develop well-defined strategy, infection control plan + QAPI plan. Recommendations and ongoing support provided to ensure optimal implementation.
- Based on the Gap Analysis, recommendations for workflow redesign to enhance efficiencies & IDT communication to assure optimal infection control plan/strategy implementation.
- Comprehensive library of infection control-specific tools, resources and education/competencies materials to support implementation of infection prevention strategies and plan. Customized, comprehensive “Infection Control Toolkit” for facility.
- Customized infection prevention policies and procedures for facility.
- Customized infection prevention education + competency testing. Conduct training/education with facility's IDT

- Customized infection control tracking mechanisms to ensure compliance.
