ENERGY AND NATURAL RESOURCES SERVICES

EXPERIENCE MATTERS

The Energy and Natural Resources Industry requires an accounting firm with expertise, integrity, and quality service to ensure future prosperity. Today's business environment is more complex than ever, and that's why Brown Edwards does more than provide accurate and timely information. We emphasize dedication to client services and the delivery of a valuable, high-quality product.

The size and diversity of our practice allows us to have specialists that concentrate on the energy industry sector and are readily available to provide specific solutions and customized guidance to meet your needs, in order to address business and stakeholders' issues.

- Consultation for state and local tax compliance
- Entity selection and setup

"Brown Edwards has been engaged as auditors, tax preparers, and special situation engagements with the various companies I have been associated with since 1986. [They have] always staffed their engagements with us by providing some of the best personnel and supervision that I have seen. Their staff enjoyed levels of supervision that was far superior to other firms we had engaged. I would, without hesitation, recommend Brown Edwards for any engagement."

JOSEPH FUNK

CEO and President, The Elk Horn Coal Company, LLC
