

Jason Hull

Director of Engineering

Jason Hull has been employed with Port Freeport since 2011. Since 2013, he has served the Port in a senior leadership role as the Director of Engineering. As such, Jason is responsible for the design and construction of the Port's capital and major maintenance projects including warehouses, rail, roadway/paving, drainage, utilities, and environmental. His responsibilities also include estimating cost and schedules of Port projects, as well as managing department personnel needs. Jason is part of an elite group of only three chief engineers to serve at Port Freeport since 1954.

Experience

Jason is a Licensed Professional Engineer, his focus has been on designing Civil, Structural, and Electrical projects since 1998.

Affiliations & Community Involvement

Jason is a member of the Grand Lodge of Texas A.F. & A.M. and the National Rifle Association.

Personal

Jason was born, raised, and has lived every day of his life in Texas.

Port Freeport

Port Freeport is a leading port in the export of crude oil and natural gas liquids and ranked 6th in chemicals, 15th in foreign waterborne tonnage, and 26th in containers. A 2019 Economic Impact Study by Texas A&M Transportation Institute revealed that, nationally, the Freeport Harbor Channel generates 279,780 jobs and has a total economic output of \$149 billion. Port Freeport serves Atlantic Container Lines, AMPORTS, BASF, Chiquita Fresh N.A., CEMEX, CMA CGM, Dole Fresh Fruit, The Dow Chemical Company, Enterprise Products, Exxon Mobile, Freeport LNG, Glovis, Grimaldi Lines, Hoegh Autoliners, Kirby Marine, Liberty Global Logistics, Mammoet, MEGlobal, Phillips 66, Riviana Foods, Inc., Sallaum Lines, Tenaris, U.S Department of Energy, Wallenius Wilhelmsen, and Vulcan Materials Company.
