

The Challenge

As plans came together for the 10 days of events leading up to Super Bowl LII, the Minnesota Super Bowl Host Committee invited The Vomela Companies to be their exclusive specialty graphics print partner. The Vomela Companies, headquartered in St. Paul, joined the Host Committee as an in-kind sponsor to transform Minneapolis into a Bold North landscape.

To meet the challenge of design, production, installation, and removal of temporary graphics and signage using various substrates such as vinyl and fabric, The Vomela Companies engaged its nationwide network of affiliates. The Bureau, C2 Imaging, Elk Grove Graphics, Fusion, Tepel Brothers, and Vomela all helped meet the tight production deadlines.

Relationship

The Vomela Companies' previous work with local sports teams, including the Wild and the Timberwolves, demonstrated a commitment to quality that proved we were the right partner to assist the Minnesota Host Committee with the Big Game.

Experience with other large-scale events, such as the NYC Marathon and Major League Baseball's All-Star Game, formed the basis for jumping into this project without hesitation. A well-established relationship with the Minnesota Vikings, which included printing and installation of more than 30 large-scale printed murals in the newly built U.S. Bank Stadium, was added proof of our capabilities.
