## PROVIDING COMPREHENSIVE ACA SOLUTIONS

### Large Employer Status and FTE

We calculate your organization's full-time employee and full-time equivalents to determine if you are considered a large employer under ACA rules.

### Employee Classification

We ensure that your employees are classified correctly, based on the number of hours they have worked each month. Companies are able to exclude sole proprietors, LLC owners, 2% owners of S-Corps, and family members.

### Employee Coverage

We help you quickly determine and view those eligible full-time employees that have elected health insurance or opted out. We interpret your offer of health coverage to applicable ACA coding.

### Reporting

We provide the required 1094-C (employer) and 1095-C (employee) forms and government data submissions automatically.

### Insurance Affordability

We verify that your provided insurance falls in the "affordable" classification based on how much each employee earns, then recommend the proper Safe Harbor provision.

### Pricing

We offer a competitive pricing solution that includes required 1094C / 1095C forms. It's the easiest and most affordable way to manage your Affordable Care Act compliance.
