LOOK FOR THE  TO FIND MONROVIA EXCLUSIVES

Welcome! Now more than ever, we're greeting spring this year with a desire to connect to nature by creating beautiful outdoor spaces. At Monrovia, beauty is at the center of everything we do. Our passion for plants, meticulous selection of the plants we choose to grow, and dedication to superior growing techniques means every Monrovia plant is ready to thrive and grow beautifully in your garden.

Since 1926, we have been selecting and growing plants carefully, choosing only to grow the strongest varieties. Better plants bloom longer, provide increased disease resistance, and fit better in today's landscapes. We partner with breeders around the world to bring these new and distinctively better varieties to North America, trialing and growing them in our nurseries across the country. Only the top-performing plants are then introduced to garden centers.

Each year we choose the best performing, most beautiful plants to be designated as Distinctive Selections. These perennials, shrubs, and trees are true showstoppers. This guide will take you through these special selections, offering a look at the colors, forms, and landscape solutions that will be on trend for 2021 and beyond. As you plan your gardening for this year, please keep our plants in mind. We hope you'll use Monrovia.com as your resource for inspiring design ideas, plant care tips, and new plant knowledge.

Here's to a brighter and more beautiful 2021!

SEASIDE SERENADE® NEWPORT HYDRANGEA

What is a Tetraploid?

Many of our Seaside Serenade® Hydrangeas are Tetraploids. Tetraploid plants have more chromosomes, which makes them sturdier and stronger. For Hydrangeas, this means a shorter distance between the leaf nodes, keeping the plant compact. It also makes the stems, leaves, and flowers thicker and waxier, allowing the blooms to last much longer, up to 3 months, on the plant.

Grace N’ Grit™ Roses

THESE ROMANTIC ROSES GROW WITH THE EASE
OF FLOWERING SHRUBS

Self-cleaning and own-root Bloom early summer to autumn Grow well in heat and humidity, and hot, dry summers	Strong stems are perfect for cutting Proven to thrive coast-to-coast Only 5 feet tall and 4 feet wide: Ideal for gardens and containers

TOPIARY

Topiary provide a statement in the garden. They command attention, create a focal point and provide a bit of drama. Statement plants are the difference between an ordinary yard and a beautiful garden space. Every garden needs one (or two!).

Growing beautiful, structural topiary is a labor of love. It requires the skill of a craftsman and patience – many take 8 years or more before they are perfect enough to ship to a garden center.

We offer more than two dozen different topiary shapes, made from our best, most reliable varieties.

GREEN MOUNTAIN BOXWOOD

VARIEGATED FOLIAGE ✂
MAGIC DAYDREAM ABELIA
Abelia x grandiflora 'Opstal103'
This award-winning variety shows off trendy pink-variegated foliage and large, fragrant blooms that change from white to pink as they mature. Use it to dress up shrub borders, to add flair to mixed containers, or plant with perennials. 2' tall and wide. Partial to full sun. Evergreen
PP #28,472 **ZONE: 6-9**

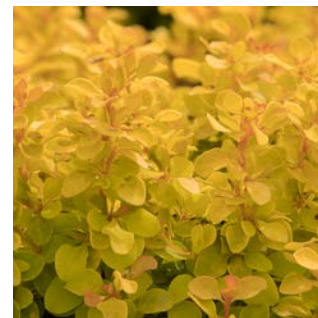

STRIKING VARIATION ✂
LUCKY LOTS ABELIA
Abelia x grandiflora 'Wevo01'
Perfect for giving a cool look to hot summer gardens, Lucky Lots has silver-variegated leaves and scented summer flowers. Unlike some other silver-variegated abelia, the variegation is stable. It is fantastic for foundations, hedges, containers. 3-1/2' tall and wide. Partial to full sun. Evergreen
PP #26,126 **ZONE: 7-9**

EXCEPTIONALLY HARDY ✂
VELVET VIKING™ JAPANESE MAPLE
Acer palmatum var. dissectum 'Monfrick'
This is the hardiest red cut-leaf Japanese maple we have ever seen! It offers deeply dissected red-purple foliage on a beautifully weeping dwarf tree. Exceptionally tough and cold tolerant. Full sun in cooler regions. 3' tall, 5' wide. Partial to full sun. Deciduous (with striking fall color)
PP #31,864 **ZONE: 4-9**

DROUGHT TOLERANT
SAFARI ALOE
Aloe sp.
Compact repeat bloomers with showy flower spikes for months of color. Heat and drought tolerant, they are good choices for low-maintenance beds and borders. 3' tall, 3-1/2' wide. Partial to full sun. Evergreen. Four varieties available: Safari Rose, Safari Orange, Safari Sunrise, Safari Sunset.
ZONE: 9-11

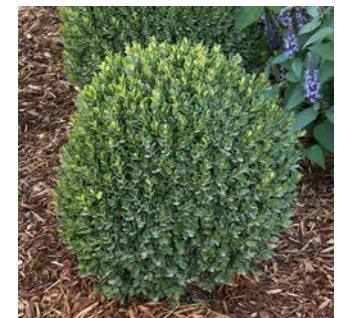

BRIGHT AND COMPACT ✂
GOLDEN JACKPOT® BARBERRY
Berberis thunbergii 'SMBTJ'
It offers bright gold, loose leaves on a compact form. Little pruning needed to maintain its shape. It is ideal for a low border. 2' tall and wide. Partial to full sun. Deciduous
PP #30,593 **ZONE: 4-8**

COLOR-CHANGING FOLIAGE ✂
LAVA NUGGET™ BARBERRY
Berberis thunbergii 'SMBTM'
Orange-red new foliage ages to a deep burgundy. Small yellow spring flowers. Rust-resistant. Use in low hedges and borders. 3' tall and wide. Partial to full sun. Deciduous
PP #30,594 **ZONE: 4-8**

NARROW COLUMNAR ✂
GREEN TOWER® BOXWOOD
Buxus sempervirens 'Monrue'
Tight columnar growth makes it perfect for tight spaces, privacy screens, and topiary forms. Foliage will not turn brown in winter. 9' tall, 2' wide. Partial to full sun. Evergreen
PP #15,243 **ZONE: 5-9**

LOW MAINTENANCE ✂
PETITE PILLAR™ DWARF BOXWOOD
Buxus sempervirens 'MonAlex'
Exceptional dwarf with natural columnar form. Perfect for hedges, tight spaces and clipped into topiary forms. Requires little pruning. 3' tall, 2' wide. Partial to full sun. Evergreen
PP #27,647 **ZONE: 5-9**

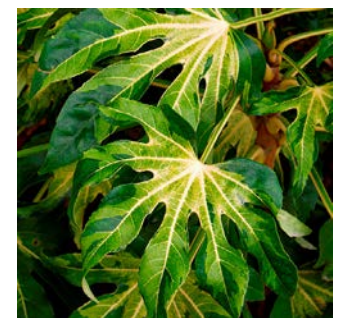

TOUGH BUT FRAGRANT ✂
BLUE BALLOON® BLUEBEARD
Caryopteris x clandonensis 'Korball'
This rounded, drought-tolerant shrub features deep blue-purple flowers and fragrant, deer-resistant foliage. Late bloomer for perennial or wildlife gardens (bees and butterflies love it). 2-1/2' tall and wide. Full sun. Deciduous
ZONE: 5-9

LOADS OF BLOOMS ✂
LA BARBE BLEUE™ BLUEBEARD
Caryopteris x 'SMCIPG'
Showy spring through fall because of its golden-yellow foliage, it really shines in late summer and autumn when it reveals clusters of deep-blue flower spikes. Compact for containers and borders. 3' tall and wide. Full sun. Deciduous
PP #31,867 **ZONE: 5-9**

STAYS COMPACT
JADE WAVES™ FERNSPRAY FALSE CYPRESS
Chamaecyparis obtusa 'MonYur'
This elegant and distinctive evergreen features curved limbs and fern-like foliage. Improved over older varieties, it has a pyramidal form that is perfect for large planters or as an entryway accent. 8' tall, 4' wide. Full sun. Evergreen.
PP #29,503 **ZONE: 4-8**

GREAT INDOORS AND OUT ✂
CAMOUFLAGE™ VARIEGATED JAPANESE ARALIA
Fatsia japonica 'Variegata'
Though it looks tropical, this hardy shrub has unique foliage that melds yellow, lime, and deep-green tones together to light dappled shade. Suitable as a houseplant in cold zones. White flowers in winter. 8' tall and wide. Full shade to partial sun. Evergreen
ZONE: 7-10

What We Look for in Distinctive Selections

Every year Monrovia Craftsmen test hundreds of different plant varieties. These rigorous trials take place at our four nurseries in California, Oregon, Connecticut, and Georgia, as well as other trial locations across the country. To be chosen as one of our Distinctive Selections, a plant needs to be exceptional, not just beautiful. Each Distinctive Selections plant gives you the opportunity to Grow Confidently, Responsibly, and Beautifully.

GROW CONFIDENTLY

We know the number one concern you probably have is success: will this plant thrive in my landscape? We believe that choosing the best varieties to grow is the first step to ensuring greater success in the garden. We select plants that grow stronger, healthier, and more beautifully from the start. We nurture those plants in a customized soil mix that helps develop a strong root system. This results in stronger plants that will hold up better to varying conditions.

GROW RESPONSIBLY

Increasingly, gardeners tell us that they want to feel like they're connecting to nature, helping nature succeed. Maybe you want to attract pollinators or support butterflies and birds. You may be interested in waterwise plants, or in plants that offer more than one benefit, or can transition from outdoors to indoors as seasons change. You also want to choose the right plant for the right place. When you choose a Monrovia plant, you know that it has been grown in harmony with nature and is meant to thrive in your region.

GROW BEAUTIFULLY

Many gardeners are looking for plants that stay compact, yet still provide a big impact in the landscape. We carefully select plants for all types of landscapes, allowing homeowners to connect with nature in a way that beautifies and personalizes their space. Our Distinctive Selections bloom bigger, longer, and provide more beauty in the landscape. Our wide selection ensures that you will find the perfect plant for your need.

SILVERY FOLIAGE
GUARDIAN® INDIGO ARIZONA CYPRESS
Cupressus arizonica var. *glabra* 'RutCup1'
This evergreen offers a magnificent upright form and stunning silvery blue-green foliage. Notable disease resistance makes it a winner. 18' tall, 14' wide; larger with age. Full sun. Evergreen
PPAF **ZONE: 6-9**

EARLY, BRIGHT BLOOMS
SPRINGSHINE™ FORSYTHIA
Forsythia x 'SMFXGP'
Bright-yellow early spring blooms sheathe the stems from bottom to top on a compact, rounded shrub. Mixed borders, foundations. Only 2' tall, 3' wide. Partial to full sun. Deciduous
PP #31,531 **ZONE: 4-9**

FLORALBERRY® ST. JOHN'S WORT (SERIES)
Hypericum sp.
This fuss-free collection of five spectacular varieties offer multi-season interest with spring flowers and showy berries into fall. Excellent disease resistance. 3' tall and wide. Partial shade to full sun. Deciduous
ZONE: 5-9

CREAMY-WHITE BERRIES
FLORALBERRY® CHAMPAGNE
BRIGHT YELLOW BERRIES
FLORALBERRY® CHARDONNAY
STRIKING RED BERRIES
FLORALBERRY® PINOT
ROSE-PINK BERRIES
FLORALBERRY® ROSÉ
RED-BACKED DARK GREEN FOLIAGE AND RED BERRIES
FLORALBERRY® SANGRIA

FORMAL AND FUN
EMERALD COLONNADE® HOLLY
Ilex x 'RutHol1'
A nonfruiting male holly, it is evergreen and has a dense pyramidal form that creates a superb hedge, screen, or wind-break. Quite tolerant of shearing for use as topiary or formal accents. 12' tall, 6' wide. Full sun. Evergreen
PP# 23,905 **ZONE: 7-9**

COMPACT TROPICAL
BONSAI BLUE JACARANDA
Jacaranda mimosifolia 'Sakai01'
This new dwarf Jacaranda makes the subtropical tree's famed purple flowers available to smaller-scale gardens. Enjoy it as a focal point, in containers, or as a large shrub. 12' tall, 8' wide. Full sun. Semi-evergreen
PP# 26,574 **ZONE: 9-11**

NORTHWEST STUNNER
CHAMPSEIONT HEBE
Hebe 'Champseiont'
This charming shrub for the Northwest features a compact, upright habit. Violet-purple flowers age to white. It is wonderful in rock gardens or borders. 18" tall, 24" wide. Partial to full sun. Evergreen
PP #14,866 **ZONE: 6-11**

HEAT TOLERANT
PINK CANDY HEBE
Hebe 'Tulpink'
Its glossy, crimson-margined leaves turn bronze-red in winter and pale-pink flower spikes appear in summer. Excellent heat tolerance for a Hebe. 18" tall, 24" wide. Partial to full sun. Evergreen
PP #25,954 **ZONE: 7-11**

GOLDEN GROUNDCOVER
SEA OF GOLD® JUNIPER
Juniperus x *pfitzeriana* 'Monsan'
Ultra-hardy, this new Juniper bears outstanding golden-yellow foliage that deepens to rich gold in winter. Tough and easy care, it is excellent for mass plantings and as a groundcover. 4' tall and wide. Full sun. Evergreen
PP# 17,622 **ZONE: 3-9**

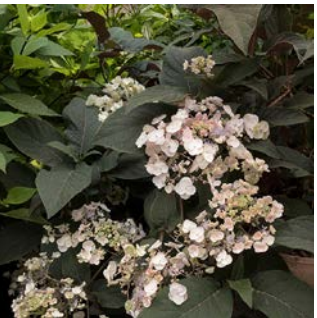

COLORFUL CONIFER
JAZZY JEWEL™ ANDORRA JUNIPER
Juniperus horizontalis 'MonGeo'
Wow! This evergreen features gold-splashed green foliage spring to fall, then purple-bronze needles with deeper gold variegation in winter. It is a showy groundcover for slopes and along driveways. 2' tall, 6' wide. Full sun. Evergreen
PP# 28,082 **ZONE: 3-9**

ELEVATED EVERGREEN
BURLY BLUE™ JUNIPER
Juniperus scopulorum 'MonOliver'
Offering more refined blue-grey foliage color and a denser habit than older varieties; Burly Blue™ Juniper is ideal fronting shrub borders, as a specimen, or as a low-maintenance, large-scale groundcover. 2' tall, 8' wide. Full sun. Evergreen
PPAF **ZONE: 3-8**

COMPACT AND CULINARY
LITTLE RAGU® SWEET BAY
Laurus nobilis 'MonRik'
A dwarf Sweet Bay, Little Ragu® has aromatic foliage on red-tinged stems. Enjoy it as a compact, easy-care shrub or small tree. Clip as a hedge or topiary and use in your favorite Mediterranean recipes. 8' tall and wide. Partial to full sun. Evergreen
PP# 25,915 **ZONE: 8-11**

UNIQUE FOLIAGE
PLUM PASSION® IMPROVED HYDRANGEA
Hydrangea aspera 'Monpulsel'
It bears bicolor lacecap summer flowers but the real show is its purple foliage with rosy-purple undersides. It offers fall color, too! 6' tall and wide. Partial shade to filtered sun. Deciduous. **Dan Hinkley Collection**
PP #30,596 **ZONE: 7-10**

REBLOOMING BEAUTY
BLUE ENCHANTRESS® HYDRANGEA
Hydrangea macrophylla 'Monmar'
This fantastic rebloomer shows off striking ruby-black stems and big mophead flowers that age to vintage cream-splashed green. It makes for an excellent cut flower. 5' tall and wide. Partial shade to partial sun. Deciduous
PP# 25,209 **ZONE: 4-9**

CREATIVE CONTAINER PLANT
CANDY APPLE™ HYDRANGEA
Hydrangea paniculata 'SMHPMW MH'
Candy Apple™ bears lime-green flowers on extra-sturdy stems age to nearly pure-white. It is a compact variety ideal for containers, borders, and focal points. 5' tall and wide. Partial shade to full sun. Deciduous
PP #28,758 **ZONE: 4-8**

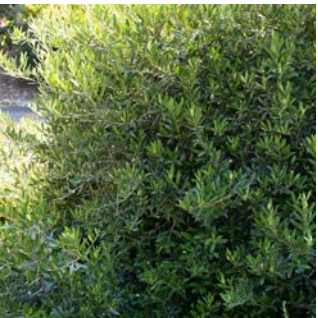

PERFECT CUT FLOWER
STRAWBERRY SHAKE™ HYDRANGEA
Hydrangea paniculata 'SMHPCW'
Sturdy stems support large white panicles that mature to delicious pink. It is an excellent cut flower, and showstopper in containers and foundation plantings. 5' tall, 4' wide. Partial shade to full sun. Deciduous
PP #28,699 **ZONE: 4-8**

NORTH AMERICAN NATIVE
REJOYCE COAST LEUCOTHOE
Leucothoe axillaris 'Rejoyce'
Here is a fine North American native alternative to boxwood or holly. It features reddish new foliage, white flowers, and brilliant winter color. It is lovely naturalized in woodland gardens. 3' tall and wide. Partial sun. Evergreen
PPAF **ZONE: 6-9**

DRAMATIC AND EXOTIC
SIENNA SUNRISE® HEAVENLY BAMBOO
Nandina domestica 'Monfar'
A shrub for all seasons, Sienna Sunrise® Heavenly Bamboo bears red new foliage that cools to lush green in summer. Fiery highlights reappear in fall and winter. Use in mass plantings for a dramatic and colorful effect. Partial to full sun. 4' tall, 2' wide. Evergreen
PP# 14,693 **ZONE: 6-11**

VERSATILE AND CAPTIVATING
LITTLE OLLIE® DWARF OLIVE
Olea europaea 'Montra'
This dwarf, non-fruiting variety is exceptionally heat-, drought-, and salt-tolerant. In warm-winter climates, it is excellent as formal hedge, trained as a single trunk tree, or topiary. In cold areas, enjoy it as a tabletop plant. 6' tall and wide. Full sun. Evergreen
ZONE: 8-11

COMPACT AND HARDY
LITTLE JOKER® NINEBARK
Physocarpus opulifolius 'Hoogi021'
Seemingly indestructible once established, this compact dwarf variety shows off burgundy stems, dark-purple foliage, and pink flowers. North American native that is excellent for pollinator gardens. 4' tall and wide. Partial shade to full sun. Deciduous
PP# 27,986 **ZONE: 4-9**

GLOWING NATIVE 🌿
ANGEL® NINEBARK
Physocarpus opulifolius ‘Hoogi018’
Angel® Ninebark is a stunning selection of a North American native that offers orange new foliage that matures to burgundy. White summer flowers enhance the show. 5' tall and wide. Partial shade to full sun. Deciduous
PP# 28,059 **ZONE: 4-8**

EARLY SPRING COLOR 🌿
ENCHANTED FOREST® IMPISH ELF™ PIERIS
Pieris japonica ‘Shy’
One of the most elegant early-spring shrubs, its rosy-pink buds provide winter color before opening to bell-shaped flowers. Brick-red new foliage on deep-red stems extends its seasonal appeal. 5' tall and wide. Partial sun. Evergreen
PP# 26,290 **ZONE: 6-8**

SENSATIONAL ACCENT SHRUB 🌿
ENCHANTED FOREST® RIVER NYMPH™ PIERIS
Pieris japonica ‘River Run’
Among the showiest Pieris varieties, it has huge clusters of showy buds that open to white, bell-shaped flowers. Red new foliage completes its appeal. Outstanding foundation or accent shrub. 6' tall and wide. Partial sun. Evergreen
PP# 29,130 **ZONE: 6-8**

SPRING STUNNER 🌿
ENCHANTED FOREST® GAY GOBLIN™ PIERIS
Pieris japonica ‘Cabernet’
An elegant choice for dappled shade gardens, this Pieris produces pink pendant-shaped flower clusters that bloom from late winter into spring. Mass for a stunning show or line a fence. 7' tall, 5' wide. Partial sun. Evergreen
PP# 29,130 **ZONE: 6-8**

COMPACT HEDGE 🌿
BRIGHT N' TIGHT™ CAROLINA LAUREL
Prunus caroliniana ‘Monus’
Bright N' Tight™ Carolina Laurel is an impressive landscape shrub with shiny foliage and white spring flowers. It adapts well to occasional pruning. 10' tall, 8' wide in 10 years. Partial to full sun. Evergreen
PP# 29,130 **ZONE: 7-11**

SEASON-LONG INTEREST 🌿
JADE ENCHANTRESS® CHERRY LAUREL
Prunus laurocerasus ‘Monarone’
Gardeners can enjoy year-round interest from its glossy leaves, then take in its fragrant, creamy-white flower spikes and ornamental fruit. Only 3' tall, 6' wide. Evergreen. Partial shade to partial sun
PP #31,107 **ZONE: 6-9**

IMPROVED CLASSIC 🌿
DARKSTAR® PURPLE LEAF SAND CHERRY
Prunus x cistena ‘UCONNPC001’
An improvement on a tried-and-true favorite, this new variety features an upright, spreading habit, clean dark-red foliage, and charming single pink flowers. 5' tall, 4' wide. Partial shade to full sun
PP# 29,575 **ZONE: 3-9**

SOUTHWEST NATIVE 🌿
JOAN LIONETTI TEXAS LIVE OAK
Quercus fusiformis ‘Joan Lionetti’
Joan Lionetti Texas Live Oak is an evergreen North American native that offers a dense upward-reaching crown. It produces few seedlings compared to the species. Ideal for warm regions of the Southwest. 30' tall and wide. Full sun
PP# 29,575 **ZONE: 3-9**

LONG-LASTING BLOOMS 🌿
ENCHANTED FOREST® SUNSPRITE™ PIERIS
Pieris japonica ‘Sincere’
Clusters of dark rose-pink buds open in late winter to white blooms, that last over five weeks. Its glossy, fiery-red new foliage is not to be missed. Enjoy in the back of borders or as a hedge. 10' tall and wide. Partial sun. Evergreen
PP# 29,148 **ZONE: 6-8**

BOXWOOD ALTERNATIVES 🌿
GOLF BALL PITTOSPORUM
Pittosporum tenuifolium ‘Golf Ball’
Get year-round beauty with its bright green foliage and a rounded shape that seldom needs pruning to stay looking tidy. Plant it in containers or as a low hedge in place of a boxwood in warm-winter areas. 4' tall and wide. Partial to full sun. Evergreen
PP# 15,329 **ZONE: 8-11**

BOUNTY FOR BUTTERFLIES 🌿
ROYAL CAPE® PLUMBAGO
Plumbago auriculata ‘Monott’
Clusters of silvery-blue flowers practically cover this shrub most of the year. Enjoy it as a groundcover, in containers, or trained as a standard. Perfect annual in cold-winter areas. Butterflies cannot resist it! 5' tall, 8' wide. Full sun. Evergreen
PP# 13,953 **ZONE: 9-11**

BOUNTY FOR BUTTERFLIES 🌿
WHITE CAPE® PLUMBAGO
Plumbago auriculata ‘Monite’
This tropical shrub produces large, profuse pure-white flower clusters most of the year. It is not fussy about soil given good drainage. Annual in colder zones. 4' tall, 6' wide. Full sun. Evergreen
PP# 13,953 **ZONE: 9-11**

DISEASE RESISTANT 🌿
SOUTHERN MOON® YEDDA HAWTHORN
Rhaphiolepis umbellata ‘RutRhaph1’
This new variety sports exceptional disease resistance and profuse, fragrant white spring flowers. It is excellent for foundations and shrub borders. 6' tall, 8' wide. Partial to full sun. Evergreen
PP# 20,730 **ZONE: 7-11**

GLOWING BLOOMS 🌿
DOUBLE SHOT® GRAPE AZALEA
Rhododendron ‘RLH1-14P14’
This compact reblooming azalea flowers twice a year! Double Shot® Grape features single red-purple blossoms in spring and fall. It is ideal for use as a showy border, informal hedge, or container accent. 3' tall and wide. Full shade to partial sun. Evergreen
PP# 24,751 **ZONE: 6-9**

COMPACT BEAUTY 🌿
DOUBLE SHOT® LAVENDER AZALEA
Rhododendron ‘RLH1-12P0’
Elegant and easy to care for, this reblooming azalea offers excellent heat and cold tolerance. It does not require deadheading to stay looking fresh. Double Shot® Lavender has a compact habit making it useful just about anywhere in the landscape. 3' tall and wide. Full shade to partial sun. Evergreen
PP# 24,467 **ZONE: 6-9**

DOUBLE THE BLOOMS 🌿
DOUBLE SHOT® SALMON AZALEA
Rhododendron ‘RLH1-10P18’
Showing off salmon-pink flowers in spring, then again from midsummer to frost, Double Shot® Salmon is a beautiful addition to any yard. Enjoy it as a low flowering hedge, to accent perennials in beds and borders, or as a foundation planting. 3' tall and wide. Full shade to partial sun. Evergreen
PP# 24,493 **ZONE: 6-9**

COLORFUL EVERGREEN 🌿
ICEE BLUE® YELLOW-WOOD
Podocarpus elongatus ‘Monmal’
A beautiful alternative for Blue Spruce in the South, this evergreen's new growth emerges lime-gray-blue, then matures to gray-blue-green. It is a beautiful pyramidal conifer. 25' tall and wide. Partial to full sun. Evergreen
PP# 28,890 **ZONE: 9-11**

DEER-RESISTANT COLOR 🌿
CHEESEHEAD™ POTENTILLA
Potentilla fruticosa ‘SMPFMY’
Gardeners in even the coldest zones can look forward to its bright golden-yellow blooms in spring. CheeseHead™ is compact, low-maintenance, and deer- and rabbit-resistant. 2' tall and wide. Partial to full sun. Deciduous
PP# 28,890 **ZONES: 3-8**

LOADS OF BLOOMS 🌿
GINGERSNAP™ POTENTILLA
Potentilla fruticosa ‘Hachapp’
Gingersnap™ features flowers that do not fade and continue to appear throughout the summer. The blooms appear evenly from the top to the bottom of the shrub. Deer- and rabbit-resistant. 3' tall and wide. Partial to full sun. Deciduous
PP# 23,360 **ZONES: 3-8**

UNIQUE MESQUITE 🌿
LESLIE ROY MESQUITE
Prosopis x ‘Leslie Roy’
A fine choice for Southwestern gardens, it is thorn-free with an upright branching habit and blue-green, fern-like foliage that casts welcome dappled shade. Heat and drought tolerant. 30' tall and wide. Partial shade to full sun. Semi-evergreen
PP# 23,360 **ZONE: 7-9**

EYE-CATCHING COLOR 🌿
DOUBLE SHOT® WATERMELON AZALEA
Rhododendron ‘RLH1-9P7’
Visible from yards away, beautiful Double Shot® Watermelon Azalea has electric-purple flowers in spring and autumn that stand out against its lustrous, dark green foliage. 3' tall and wide. Full shade to partial sun. Evergreen
PP# 27,877 **ZONE: 6-9**

DOUBLE DUTY TROPICAL 🌿
WINGED PHOENIX™ HARDY SCHEFFLERA
Schefflera taiwaniana ‘Monhinschf’
This hardy shrub adds a decidedly tropical flair to landscapes or containers. Its white umbels produce purple fruit. Also suitable as a houseplant. 15' tall and wide. Partial shade to full sun. Evergreen. **Dan Hinkley Collection**
PP #30,465 **ZONE: 7-10**

DISTINCTIVE STEMS 🌿
GOLDFINGER™ HARDY SCHEFFLERA
Schefflera taiwaniana ‘Hingdfnf’
This shrub bears beautiful compound foliage and yellow stems provide distinctive tropical texture to brighten shade gardens. Rare! 15' tall and wide. Partial shade to full sun. Evergreen. **Dan Hinkley Collection**
PP #30,465 **ZONE: 7-10**

SHOWY SUCCULENT 🌿
MOUNT EVEREST BIG BLUE CHALKSTICKS
Senecio ficoides ‘Mount Everest’
A trendy succulent, it shows off a mound-ing habit, upright stems, and upright silvery-blue foliage. It is carefree and exceptionally drought tolerant. Fantastic for containers. 5' tall in landscape, shorter in containers. Partial to full sun. Evergreen
PP# 22,188 **ZONE: 10-11**

COMPACT AND ADAPTABLE 🌿
LIL' FLIRT SPIREA
Spiraea japonica 'SMSJMLA'
This dwarf shrub pairs burgundy new foliage with deep-pink flowers in spring and again in summer. It is an adaptable plant that thrives even in compacted clay. 2-1/2' tall and wide. Partial shade to full sun. Deciduous
PP #30,591 **ZONE: 4-9**

SPECTACULAR COLOR 🌿
LIL' SIZZLE SPIREA
Spiraea japonica 'SMSJMLG'
Featuring bright-orange new foliage and hot-pink flowers in spring and summer, this shrub is not easily overlooked. It tolerates full sun and poor, compacted soils. 2-1/2' tall and wide. Partial shade to full sun. Deciduous
PP #30,709 **ZONE: 4-9**

HARDY AND COMPACT 🌿
WALBERTON'S® PLUMTASTIC SPIREA
Spiraea japonica 'Walplum'
Ideal for low-maintenance shrub borders, its flowers flush continuously from summer into fall and are offset by beautiful purple-flushed new foliage that ages to deep green. Only 16" tall and wide. Full sun. Deciduous
PPAF **ZONE: 4-9**

CREATIVE COLOR 🌿
COPPER FLAME™ WINTER SPIKE
Stachyurus yunnanensis 'Djhstcynis'
Its new spring growth is burnished with copper-red tones that echoes color of leaf petioles. Soft-yellow spring blooms add to the appeal. 12' tall and wide. Partial shade to full sun. Evergreen. **Dan Hinkley Collection**
PPAF **ZONE: 7-10**

FANTASTIC FRAGRANCE 🌿
LITTLE DARLING® LILAC
Syringa 'SMSDTL'
Here is a compact fragrant reblooming lilac! Flowers heavily in spring, with a second, lighter fall bloom. Tolerates mild, periodic drought when established. 4' tall and wide. Full sun. Deciduous
PP #31,830 **ZONE: 4-8**

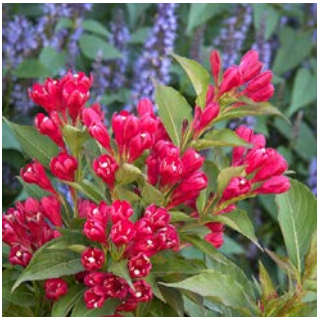

STUNNING STRUCTURE 🌿
EMBER WAVES® WESTERN ARBORVITAE
Thuja x 'MonPin'
A stately evergreen, its foliage morphs from yellow in spring to green in summer and gold-tipped, orange-russet in cool winter weather. It is a superb accent or screen. 25' tall, 8' wide. Full sun. Evergreen
PP# 25,363 **ZONE: 5-8**

PETITE PRIVACY 🌿
TINY TOWER® ARBORVITAE
Thuja x 'MonPig'
This new sport of Green Giant Arborvitae shows off an upright and more compact habit. Use it for creating a dense, evergreen privacy screen or to define the back of a border. 20' tall, 5' wide. Full sun. Evergreen
PP# 27,067 **ZONE: 5-9**

ATTRACT BIRDS 🌿
SPARKLER® ARROWWOOD VIBURNUM
Viburnum dentatum 'SMVDE'
Here is a North American native with great fall color, white flowers, and blue-black berries that delight birds. It is ideal for every garden. 15' tall and wide. Partial shade to full sun. Deciduous
PP# 28,092 **ZONE: 4-9**

COLORFUL AND COMPACT 🌿
CRIMSON KISSES™ WEIGELA
Weigela 'Slingco 1'
This standout new Weigela is covered with lipstick-red flowers with a white eye. It is a compact and reblooming variety for borders, low hedges. 3' tall and wide. Full sun. Deciduous
PP# 23,654 **ZONE: 4-9**

STUNNING FOLIAGE 🌿
COCO CRUNCH® WEIGELA
Weigela florida 'WFMOLA'
Compact and lovely, it has ruby-red foliage and soft-red flowers into summer. Exceptional hardiness makes for a tough shrub borders, mass plantings. 3' tall and wide. Full sun. Deciduous
PP# 27,661 **ZONE: 4-8**

BRIGHT AND BEAUTIFUL 🌿
GOLDEN JACKPOT® WEIGELA
Weigela florida 'MonRigney'
The brightest weigela we have seen, it has amazing golden leaves and deep-pink long-lasting blooms. Enjoy in borders and foundation plantings. 6' tall and wide. Partial to full sun. Deciduous
PP #29,991 **ZONE: 4-8**

BOULEVARD® SACHA™ shows ruffled mauve-blue blooms.
BOULEVARD® YUAN™ bears light pink blooms banded with dark pink in the center.

EXOTIC FRAGRANCE ✨
HEAVENLY ASCENT® HOLBOELLIA VINE
Holboellia brachyandra 'HWJ1023'
Rare and exotic, this vine bears large, white, melon-scented flowers in spring. If pollinated, it puts on a second show with its edible, purplish-blue fruit. Vigorous twining stems to 20' tall, with support. Full sun. Evergreen **ZONE: 8-10**

FRAGRANT DOUBLE BLOOMS ✨
SUMMER SOUL® ARABIAN JASMINE
Jasminum sambac 'Monhariklia'
The species used for jasmine tea, everyone loves its scent. Exceptionally large, fragrant, fully-double flowers bloom nearly year-round in warmer climates. In colder zones winter indoors. 8' tall, 4' wide. Partial to full sun. Evergreen **PP #27,171** **ZONE: 9-11**

SELF FERTILE ✨
SWEET N' SOLO™ KIWI
Actinidia deliciosa 'Renact'
The only high-quality fruiting kiwi we have found that is self-fertile, this vigorous vine produces juicy fruits on a single plant once established. It typically fruits within three years. Sweet N' Solo™ is positively perfect for a trellis, pergola or south-facing wall. Climbs to 16'! Full sun. Deciduous **PP# 23,457** **ZONE: 7-9**

A SOUTHERN BLUEBERRY ✨
BOUNTIFUL® DELIGHT BLUEBERRY
Vaccinium corymbosum 'ZF06-051'
An excellent blueberry for warm climates, this selection features outstanding heat tolerance and only 300 to 500 hours of chill. It fruits early to midseason, bearing aromatic, sweet berries. Its new growth emerges with red tones, adding ornamental appeal. 3' tall and wide. Full sun. Deciduous **PP# 29,437** **ZONE: 8-10**

LOVELY AND PROLIFIC ✨
BOUNTIFUL BLUE® BLUEBERRY
Vaccinium corymbosum 'FLX-2'
As ornamental as it is delicious, Bountiful Blue® Blueberry is a self-fertile selection that has stunning blue-green foliage. It is compact, making it perfect for use as a hedge or grown in a large container. It needs only 150-200 winter chill hours. 4' tall and wide. Full sun. Deciduous **PP# 19,381** **ZONE: 6-10**

SWEETEST FLAVOR ✨
ZESTFUL™ GRAPE (SERIES)
The Zestful™ series make tasty table grapes on fast-growing vines in warmer regions. We are still trialing to see if there is additional hardiness. Climbs to 25' each year. Full sun. Deciduous. Three varieties: **ZESTFUL™ GOLDEN CHALICE**
ZESTFUL™ LOLLIPOP
ZESTFUL™ WATERFALL **ZONE: 7-9**

Meet the Monrovia Plant Hunters

The drive and passion to discover new and improved plant varieties takes our plant hunters around the globe.

CEO JONATHAN PEDERSEN is responsible for some of the most significant plant introductions in the country in the past several years. A New Zealand native, he travels across the U.S. and the world, finding and working with top plant breeders. His goal is to provide the best new varieties to North American gardeners. He searches for plants that provide solutions including longer bloom time, brighter colors, and improved hardiness and disease resistance. Jonathan is passionate about creating beautiful gardens, and has spent his career focused on discovering and improving the availability of the best plants.

NEW PLANTS MANAGER GEORGIA CLAY brings a fresh new perspective on plant selection to Monrovia. Her energy and passion for plants is contagious. Her focus at Monrovia is to put each variety through its paces, making sure only the best are brought to market. Georgia recognizes the reasons why we garden. She knows the joy and satisfaction creating a beautiful outdoor space can bring.

DAN HINKLEY is a true plant explorer. He has traveled the world over, including Nepal, Central America, China and Tasmania, just to name a few, in search of unique varieties for home gardeners. Monrovia is honored to partner with this award-winning horticulturist. From lush tropics, to sensational foliage and showy flowers, the Dan Hinkley Plant Collection® brings the world to your garden. Dan's plant hunting stories are the stuff of legend.
