Welcome

Part of the allure in gardening is discovering new plants, and marveling at surprises of texture, form, and color that fill our senses with wonder. Yet at Monrovia, we grow such a diversity of plants for every region that it's impossible to focus only on what's new. We believe the true appeal of gardening is mixing what's new with time-tested favorites, and painting your landscape with a palette all your own.

Our Distinctive Selections plants represent the very best of what we seek to offer gardeners: these are exclusive plants with superior genetics that we deem the strongest performers. Since 1926, we have been selecting and growing plants carefully, choosing only to grow the strongest varieties. Better plants bloom longer, provide increased disease resistance, and simply fit better in today's landscapes. We partner with breeders around the world to bring these new and distinctively better varieties to North America, trialing and growing them in our nurseries across the country. Only the top-performing plants are then introduced to garden centers. Each year we choose the best performing, most beautiful plants to be designated as Distinctive Selections. These perennials, shrubs, and trees are true showstoppers. This guide will take you through these special selections, offering a look at the colors, forms, and landscape solutions that will be on trend for 2022 and beyond. As you plan your gardening for this year, please keep our plants in mind. We hope you'll use [Monrovia.com](https://www.monrovia.com) as your resource for inspiring design ideas, plant care tips, and new plant knowledge. Thank you for choosing Monrovia plants to make your world more beautiful.

A handwritten signature in black ink that reads "Katie Tamony". The signature is fluid and cursive, written on a light-colored background.

Classic daisy flowers on a compact plant with a tight, low habit. Bright white petals with a rich yellow center. 15" tall and wide. Full sun
 SKU #42880

ZONE: 4-9

What We Look For in Distinctive Selections

Every year Monrovia Craftsmen test hundreds of different plant varieties. These rigorous trials take place at our four nurseries in California, Oregon, Connecticut, and Georgia, as well as other trial locations across the country. To be chosen as one of our Distinctive Selections, a plant needs to be exceptional, not just beautiful. Each Distinctive Selections plant gives you the opportunity to Grow Confidently, Responsibly, and Beautifully.

GROW CONFIDENTLY

We know the number one concern you probably have is success: will this plant thrive in my landscape? We believe that choosing the best varieties to grow is the first step to ensuring greater success in the garden. We select plants that grow stronger, healthier, and more beautifully from the start. We nurture those plants in a customized soil mix that helps develop a strong root system. This results in stronger plants that will hold up better to varying conditions.

GROW RESPONSIBLY

Increasingly, gardeners tell us that they want to feel like they're connecting to nature, helping nature succeed. Maybe you want to attract pollinators or support butterflies and birds. You may be interested in waterwise plants, or in plants that offer more than one benefit, or can transition from outdoors to indoors as seasons change. You also want to choose the right plant for the right place. When you choose a Monrovia plant, you know that it has been grown in harmony with nature and is meant to thrive in your region.

GROW BEAUTIFULLY

Many gardeners are looking for plants that stay compact, yet still provide a big impact in the landscape. We carefully select plants for all types of landscapes, allowing homeowners to connect with nature in a way that beautifies and personalizes their space. Our Distinctive Selections bloom bigger, longer, and provide more beauty in the landscape. Our wide selection ensures that you will find the perfect plant for your need.

DAN HINKLEY COLLECTION

A PLANT HUNTER'S DISCERNING EYE
BRINGS RARE FINDS AND AN UNCOMMON
TOUCH TO THE GARDEN.

MONROVIA®

Grow Beautifully

JURASSIC™ PTERODACTYL EARED LADY FERN

Tectonic™ Begonias

FROM THE FORESTS OF INDIA, THESE BEGONIAS COLLECTED BY RENOWNED PLANTSMAN DAN HINKLEY EACH OFFER THEIR OWN UNIQUE LOOK, ADDING INTEREST TO SHADY SPOTS.

Great in containers or in beds
Excellent indoor plants
Mix and match for a fantastic display

Graphic, stunning foliage
Uncommon species are a must
for collectors
Unlike any other on the market

BOLD STATEMENT
TECTONIC™ CALDERA BEGONIA

Begonia stillentensis 'DJHAP18001' PPAF

Enormous in its native range in India, with leaves up to two feet wide! An impressive specimen where hardy. Smaller in containers. 6' tall and wide in the landscape. Partial shade

SKU #43738

ZONE: 8-11

UNIQUE SPECIMEN
TECTONIC™ MAGMA BEGONIA

Begonia sp. 'DJHAP18003'

From the forests of Northeastern India. Big, dark green leaves show peeks of their burgundy undersides and stems. Adds bold texture to any lightly shaded setting. 18" tall and wide. Full to partial shade

SKU #44384

ZONE: 8-11

GREAT IN CONTAINERS
TECTONIC™ ASTEROID BEGONIA

Begonia sp. 'DJHAP18066'

Collected in Northeastern India. Deep green leaves have a silvery halo and burgundy undersides. Great in containers, indoors or out. 18" tall and wide. Full to partial shade.

SKU #44385

ZONE: 8-11

STUNNER IN SHADE
TECTONIC™ ERUPTION BEGONIA

Begonia sp. 'DJHAP18072'

Deeply cut, emerald leaves have lightly bronzed undersides. A unique addition to lightly shaded gardens or containers. A selection from Northeastern India. 18" tall and wide. Full to partial shade

SKU #44386

ZONE: 8-11

DYNAMIC TEXTURE
TECTONIC™ PANGEA BEGONIA

Begonia sp. 'DJHAP18090'

Shiny, dark and lime-green leaves appear to shimmer. Wonderful texture, especially paired with ferns. Also suitable as a houseplant. From Northeastern India. 18" tall and wide. Full to partial shade

SKU #43805

ZONE: 8-11

FANTASTIC FOLIAGE
TECTONIC™ SHANGRI-LA™ BEGONIA

Begonia circumlobata 'MonShayne'

From the mountains of China. Dark red stems support dark olive-green foliage with brick red undersides. Excellent for shady containers, or as a houseplant. 18" tall and wide. Full to partial shade

SKU #42323

ZONE: 8-11

JurassicTM Fern Collection

COLLECTED AROUND ASIA BY DAN HINKLEY, EACH OF THESE UNIQUE FERNS IS A MUST-HAVE FOR PLANT COLLECTORS AND CASUAL GARDENERS ALIKE.

A variety for nearly any shady location

Provide excellent texture for woodland gardens

A variety of shapes and textures

Fabulous paired with shade plants with large foliage

Six unique species available

Creates a jungle feel in a shade garden

LOW WATER NEEDS

JURASSIC™ BRONTOSAURUS TONGUE FERN

Pyrrosia 'MONBRTS'

Growing on rocks under extreme drought conditions, this curiously beautiful species was collected in Hunan Province. Best on steep embankments, on rotting logs, or as a container plant. 1' tall and wide, spreading wider over time. Partial shade to partial sun. Evergreen

SKU #41938

ZONE: 8-11

COLORFUL STEMS

JURASSIC™ PTERODACTYL EARED LADY FERN

Athyrium otophorum

Add airy, feathery texture to a shady spot with the arching fronds of this clump-forming fern. Pale green fronds unfurl from red stems, creating a two-toned look with the older, dark-green foliage. 18" tall and wide. Full to partial shade

SKU #41367

ZONE: 6-9

BOLD TEXTURE

JURASSIC™ STEGOSAURUS HOLLY FERN

Cyrtomium fortunei 'MONSTGO'

Grown from spore collected in Hubei Province at 6,000 feet, this hardy fern provides bold texture with holly-like fronds and large leaflets. Perfect for a woodland planting or a container on a shaded terrace. 2' tall and wide. Full shade to filtered sun. Evergreen

SKU #41777

ZONE: 6-9

UPRIGHT ACCENT

JURASSIC™ T-REX WOOD FERN

Dryopteris tokyoensis

Fronds ranging from dark to light green form a strikingly vertical clump for a bold statement in a shaded garden. Rarely seen in North America, hailing from the woodlands of Asia from Honshu to Korea. Slow growing; 3' tall and wide. Full to partial shade

SKU #41369

ZONE: 5-8

UNIQUE FOLIAGE

JURASSIC™ TRICERATOPS FINGER FERN

Pyrrosia polydactyla 'MONTRCT'

Forms mounds of leathery foliage. In Taiwan, it is often found growing on moss-covered rocky surfaces and will shrivel during dry conditions, resurrecting after rains. Stays lush when provided summer moisture. 2' tall, 3' wide. Partial shade to full sun. Evergreen

SKU #09496

ZONE: 7-11

FINE TEXTURE

JURASSIC™ VELOCIRAPTOR RIBBON FERN

Pteris cretica

From high elevations of the Hubei Province of China; a harder selection than typical. Forms a burly, compact clump in the garden. Also ideal for a container or even in the home in bright, indirect light. 18" tall and wide. Full shade to filtered sun. Evergreen

SKU #41790

ZONE: 7-9

SKU #40995

ZONE: 4-9

How We Find New Plants

The drive and passion to discover new and improved plant varieties takes our plant hunters around the globe.

CEO JONATHAN PEDERSEN

Jonathan is responsible for some of the most significant plant introductions in the country in the past several years. A New Zealand native, he travels across the U.S. and the world, finding and working with top plant breeders. His goal is to provide the best new varieties to North American gardeners. His expert eye seeks out plants that provide solutions including longer bloom time, brighter colors, and improved hardiness and disease resistance. Jonathan's passion for creating beautiful gardens drives his focus on discovering and improving the availability of the best plants.

NEW PLANTS MANAGER GEORGIA CLAY

Georgia brings a fresh new perspective on plant selection to Monrovia. Her energy and passion for plants is contagious, and the knowledge she shares with gardeners is inspiring. In her role with Monrovia, she puts each variety through its paces, making sure only the best are brought to market. Georgia innately understands why we garden and looks for plants that will enhance the joy and satisfaction of creating beautiful spaces.

DAN HINKLEY

Dan is a true plant explorer. He has traveled the world over, including far-flung places in Nepal, Central America, China, and Tasmania, in search of unique varieties for home gardeners. Monrovia is honored to partner with this award-winning horticulturist. From lush tropics, to sensational foliage and showy flowers, the Dan Hinkley Plant Collection® brings the world to your garden. Dan's plant hunting stories are the stuff of legend.

Visit [Monrovia.com](https://www.monrovia.com) to find out more about Dan Hinkley and his rare finds.

FABULOUS FOLIAGE

BRING AN EXTRA DIMENSION
TO GARDEN DESIGN WITH FOLIAGE
THAT OFFERS INTEREST, TEXTURE, AND
ANOTHER LAYER OF BEAUTY.

MONROVIA®

Grow Beautifully

EXCEPTIONALLY HARDY
VELVET VIKING™ JAPANESE MAPLE

Acer palmatum var. *dissectum* 'Monfrick' PP #31,864

This Japanese maple offers deeply dissected red-purple foliage on a weeping dwarf tree. Exceptionally tough and cold tolerant. Provides striking fall color. 3' tall, 5' wide. Partial to full sun. Deciduous
SKU #03438 **ZONE: 4-9**

COLORFUL FLUSHES OF FOLIAGE
BURGUNDY QUEEN® BOUGAINVILLEA

Bougainvillea 'Monhar' PPAF

An exciting new color! Each flush of growth emerges dark burgundy followed by deep red bracts. Lush effect on arbors, trellises and spilling over fences. Stems to 30' long. Full sun. Evergreen in frost-free areas
SKU #43863 **ZONE: 10-11**

LOADS OF BLOOMS
LA BARBE BLEUE™ BLUEBEARD

Caryopteris x 'SMCIPG' PP #31,867

Showy golden foliage provides a vibrant backdrop for clusters of deep-blue flower spikes in late summer and autumn. Compact for containers and borders. 3' tall and wide. Full sun. Deciduous
SKU #40981 **ZONE: 5-9**

COLORFUL CONIFER
JAZZY JEWEL® ANDORRA JUNIPER

Juniperus horizontalis 'MonGeo' PP #28,082

Wow! This evergreen features gold-splashed green foliage spring to fall, then purple-bronze needles with deeper gold variegation in winter. It is a showy groundcover for slopes and along driveways. 2' tall, 6' wide. Full sun. Evergreen
SKU #04968 **ZONE: 3-9**

STURDY AND UPRIGHT
INDIGO PEARL™ NEW ZEALAND FLAX

Phormium tenax 'PKFJTB18' PPAF

Outstanding foliage with dark plum centers and creamy pink outer edges. The sturdy, stiff leaves stay upright for less flopping. Adds dramatic interest as an accent, specimen, or container plant. 4' tall and wide. Full sun. Evergreen
SKU #44406 **ZONE: 8-11**

COMPACT AND HARDY
LITTLE JOKER® NINEBARK

Physocarpus opulifolius 'Hoogi021' PP #27,986

Seemingly indestructible once established, this compact dwarf variety shows off burgundy stems, dark-purple foliage, and pink flowers. North American native that is excellent for pollinator gardens. 4' tall and wide. Partial shade to full sun. Deciduous
SKU #42578 **ZONE: 4-8**

IMPROVED CLASSIC
DARKSTAR® PURPLE LEAF SAND CHERRY

Prunus x cistena 'UCONNPC001' PP #29,575

An improvement on a tried-and-true favorite, this new variety features an upright, spreading habit, clean dark-red foliage, and charming single pink flowers. 5' tall, 4' wide. Partial shade to full sun
SKU #42328 **ZONE: 3-9**

SEASONAL INTEREST
BUTTERSCOTCH BABY™ SPIREA

Spiraea japonica 'Minspiz02' PPAF

Exceptionally compact with three seasons of color. Foliage is a beautiful, deep caramel color when first emerging in spring, and again in fall. Pink summer blooms attract pollinators. 18" tall, 24" wide. Full sun. Deciduous
SKU #43451 **ZONE: 4-9**

HARDY AND COMPACT
COCO CHILL™ WEIGELA

Weigela florida 'VBL1' PPAF

This compact shrub offers truly dark foliage and exceptional hardiness due to its Canadian parentage. Bright pink flowers are displayed on a neat, mounded form, spring to summer. 3' tall and wide. Full sun. Deciduous
SKU #45085 **ZONE: 4-8**

Other Edibles

**SELF POLLINIZING
KIWI MAGIC® KIWI COMBINATION**

Actinidia chinensis 'Tomuri' (Male)
Actinidia chinensis 'Vincent' (Female),

A vigorous vine with a fruiting female and a male pollinizer in the same container. Needs little winter chill; ideal for milder climates. Stems to 25' long. Partial to full sun. Deciduous
SKU #08564

ZONE: 7-9

**COMPACT AND THORNLESS
SUPERLICIOUS™ BLACKBERRY**

Rubus x 'A-2500T' PPAF

A thornless dwarf bursting with large, juicy berries in summer! Fruits more reliably than similar varieties. Compact habit is perfect for pots. In most regions, this will produce twice in one season. 4' tall and wide. Full sun. Deciduous
SKU #44033

ZONE: 4-10

**SELF-FERTILE
SWEET N' SOLO™ KIWI**

Actinidia deliciosa 'Renact' PP #23,457

The only high-quality fruiting kiwi we have found that is self-fertile, this vigorous vine produces juicy fruits on a single plant once established. It typically fruits within three years. Sweet N' Solo™ is positively perfect for a trellis, pergola or south-facing wall. Climbs to 16'. Full sun. Deciduous
SKU #41463

ZONE: 7-9

**A SOUTHERN BLUEBERRY
BOUNTIFUL™ DELIGHT BLUEBERRY**

Vaccinium corymbosum 'ZF06-051' PP 29,437

An excellent blueberry for warm climates, this selection features outstanding heat tolerance and only 300 to 500 hours of chill. It fruits early to midseason, bearing aromatic, sweet berries. Its new growth emerges with red tones, adding ornamental appeal. 3' tall and wide. Full sun. Deciduous
SKU #09740

ZONE: 8-10

EVERGREEN ACCENTS

THAT CREATE MOOD AND ELEVATE
THEIR SURROUNDINGS.

MONROVIA®

Grow Beautifully

JADE WAVES™ FERNSPRAY FALSE CYPRESS

STAYS COMPACT
JADE WAVES™ FERNSPRAY FALSE CYPRESS
Chamaecyparis obtusa 'MonYur' PP #29,503
 This elegant and distinctive evergreen features curved limbs and fern-like foliage. The pyramidal form is perfect for large planters or as an entryway accent. 8' tall, 4' wide. Full sun. Evergreen
 SKU #07228 **ZONE: 4-8**

SILVERY FOLIAGE
GUARDIAN® INDIGO CYPRESS
Cupressus x 'RutCup1' PPAF
 This evergreen offers a magnificent upright form and stunning silvery blue-green foliage. Notable disease resistance makes it a winner. 18' tall, 14' wide; larger with age. Full sun. Evergreen
 SKU #01888 **ZONE: 6-9**

COLORFUL CONIFER
SUNBURST™ BLACK HILLS SPRUCE
Picea glauca var. *densata* 'MonChet' PPAF
 Dense, compact habit with an added burst of color from bright yellow new growth. A dramatic evergreen for groupings, windbreaks, or screening. Very resistant to winter injury. 30' tall, 15' wide. Partial to full sun. Evergreen
 SKU #06844 **ZONE: 2-8**

COMPACT CLASSIC
JEANGENIE™ COLORADO BLUE SPRUCE
Picea pungens 'MONEVA' PPAF
 The beauty of Colorado Blue Spruce on a slower-growing plant, perfect for smaller landscapes. A handsome pyramidal form with a denser growth habit and brighter blue needles. 15' tall, 8' wide. Partial to full sun. Evergreen
 SKU #05271 **ZONE: 2-8**

EYE-CATCHING COLOR
ANDEAN GOLD™ AUSTRIAN PINE
Pinus nigra 'MONMEL'
 Slower growing and more compact with showy yellow new growth that ages to light green. Tolerates poor soils, and harsh, drying winds. Great for windbreaks or as a specimen. 30' tall, 15' wide. Full sun. Evergreen
 SKU #05273 **ZONE: 4-8**

BEAUTIFUL SPECIMEN
GOLDEN DUKE® EASTERN HEMLOCK
Tsuga canadensis 'MonJers' PP #27,468
 A superb specimen with glowing foliage on graceful arching branches. Improved sun tolerance over other gold hemlocks. Bright yellow-orange winter color. Slow growing; 10' tall, 3' wide. Partial to full sun. Evergreen
 SKU #01265 **ZONE: 4-8**

FIND A GARDEN CENTER

Monrovia is honored to work with so many trusted garden centers to bring our plants to gardeners throughout the U.S. and Canada. We rely on these local experts to select the best varieties for their climates and clientele, keep our plants growing beautifully, and guide and advise homeowners on how to select and care for their new plants.

We help shoppers connect with garden centers through our Find a Garden Center tool at the top of every page at Monrovia.com. Simple but robust search tools pinpoint stores in their area and provide complete contact and navigation information.

We also offer easy Zip code searches on every plant information page, allowing gardeners to see a list of suggested garden centers in their area.

SWEETMAROON™ MYRTLE

**NATURALLY CONICAL
RUBY COLONNADE® HOLLY**

Ilex x crenata 'RutHol5' PPAF

A nonfruiting male holly, it is evergreen and has a dense pyramidal form that creates a superb hedge, screen, or wind-break. Quite tolerant of shearing for use as topiary or formal accents. 12' tall, 6' wide. Full sun. Evergreen

SKU #41514 **ZONE: 7-9**

**ELEVATED EVERGREEN
BURLY BLUE™ JUNIPER**

Juniperus scopulorum 'MonOliver' PPAF

Offering more refined blue-grey foliage color and a denser habit than older varieties; Burly Blue™ Juniper is ideal fronting shrub borders, as a specimen, or as a low-maintenance, large-scale groundcover. 2' tall, 8' wide. Full sun. Evergreen

05228 **ZONE: 3-8**

**NORTH AMERICAN NATIVE
REJOYCE COAST LEUCOTHOE**

Leucothoe axillaris 'Rejoyce' PPAF

Here is a fine North American native alternative to boxwood or holly. It features reddish new foliage, white flowers, and brilliant winter color. It is lovely naturalized in woodland gardens. 3' tall and wide. Partial sun. Evergreen

SKU #41101 **ZONE: 6-9**

**FALL COLOR
SWEETMAROON™ MYRTLE**

Myrtus communis 'Monfazed' PPAF

A compact, tightly branched shrub with glossy foliage that turns bright red in fall. Spring brings fragrant white flowers. A drought-tolerant option for low hedges or foundation plantings. 4' tall and wide. Full sun. Evergreen

SKU #42174 **ZONE: 8-10**

**NEVER DULL
LITTLE RICK™ MUGO PINE**

Pinus mugo 'MonJaw' PP #32,350

A gem among mugo pines, this compact, dense variety stays a lovely green throughout the winter. Adds an evergreen contrast and textural variation to perennial borders or shrub beds. Low maintenance and easy to grow. 5' tall and wide. Full sun

SKU #08183 **ZONE: 4-9**

**SEASON-LONG INTEREST
JADE ENCHANTRESS® CHERRY
LAUREL**

Prunus laurocerasus 'Monarone' PP #31,107

Gardeners can enjoy year-round interest from its glossy leaves, then take in its fragrant, creamy-white flower spikes and ornamental fruit. Only 3' tall, 6' wide. Evergreen. Partial shade to partial sun

SKU #04824 **ZONE: 6-9**

SHOP ONLINE

**SHOP MONROVIA OFFERS MULTIPLE
WAYS TO BUY PLANTS EASILY.**

Shop Monrovia gives gardeners the best of both worlds – the widest selection of the highest quality plants online today and personal connections to local garden center experts. Powerful search features on our website and a vast selection of trees, shrubs, vines, perennials, houseplants, and edibles allow gardeners to find and order the perfect plant. From there, our Craftsmen grow them to our full Monrovia size and quality standards and ship in prime condition to a local garden center for in-store or curbside pick up. Beautifully grown plants plus local advice and inspiration helps gardens—and gardeners—thrive.

"I love your website... we use it year-round to figure out what variety and size trees, flowers or shrubs to buy for our Zone and in certain settings. Also love ordering through your site for local pick up!"

– Meagan S., Shop Monrovia customer

**DENSE GROWTH
UPSTANDING™ EMERALD
ARBORVITAE**

Thuja occidentalis 'SMTOBM3' PPAF

Deep green foliage is tightly held to form a dense, pyramidal evergreen. The compact, spire-like growth is perfect grouped to form a hedge or screen. A tough variety that is somewhat shade tolerant. 15' tall, 8' wide. Full sun. Evergreen

SKU #41303 **ZONE: 4-7**

**CREATE A COLORFUL HEDGE
UPSTANDING™ GOLD
ARBORVITAE**

Thuja occidentalis 'SMTOM1' PPAF

Naturally pyramidal with yellow-tipped foliage that doesn't burn in the sun. Spring growth has a touch of orange coloring. Perfect on its own as a colorful accent or grouped to form a hedge. 15' tall, 8' wide. Full sun. Evergreen

SKU #41304 **ZONE: 4-7**

TOPIARY

Our Craftsmen's expertise is on full display in our signature topiary collection. Our topiaries may be hand-crafted for eight years or more before they are perfect enough to deliver to a garden center.

In the garden, a Monrovia topiary is a creative and commanding focal point. They are the difference between an ordinary yard and a well-crafted garden space.

We offer a varied collection of topiary shapes, made from our best, most reliable varieties, to allow gardeners to best express their individuality and enhance their garden's particular beauty.
