Dan Hinkley Collection

Perennials

Purple Potion® Agapanthus
Agapanthus inapertus 'HinGrkop' PPAF
Full sun | Zone 7–10
Deep violet-purple flowers set this Agapanthus apart from other varieties. It also features good drought tolerance and evergreen foliage for year-round texture in the landscape. To 26 inches tall in bloom and 20 inches wide. Monrovia Exclusive

Gotemba Golden Japanese Spikenard
Aralia cordata 'Gotemba'
Partial shade to partial sun | Zone 4–8
This bold herbaceous perennial is a garden giant—it can grow into an 8-foot-tall, tree-like form of brilliant, golden-yellow foliage. White flowers appear in late summer, followed by ornamental purple fruit. To 96 inches tall and wide. Monrovia Exclusive

Beesia
Beesia deltophylla
Partial shade to filtered sun | Zone 6–8
An exceptional evergreen groundcover, Beesia sports beautiful blue-green heart-shaped leaves. From mid- to late spring, spikes of starry flowers add extra texture and interest. To 18 inches tall and 24 inches wide

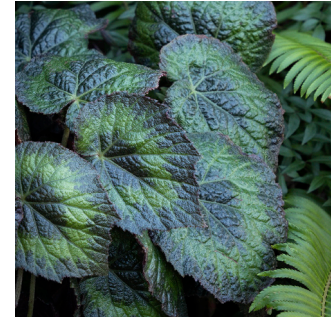

Shangri-La™ Hemsley's Begonia
Begonia hemsleyana 'MonShayne'
Shade to partial shade | Zone 8–11
This beautiful perennial Begonia offers dark red stems and silver-speckled green leaves. It is a must-have for adding texture and interest to the shade garden, and is also suitable as a houseplant. To 18 inches tall and wide. Monrovia Exclusive

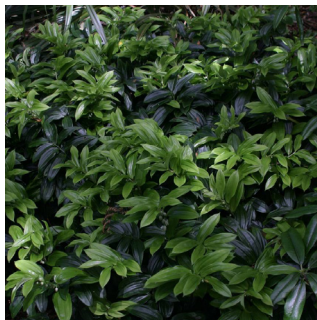

Tectonic™ Eruption Begonia
Begonia sp. 'DJHAP18072'
Shade to partial shade | Zone 8–11
Beautiful indoors or out, this rare begonia from the forests of Northeastern India features finely divided leaves with bronzy undersides. It is a standout for any Begonia collection or shade garden. To 18 inches tall and wide. Monrovia Exclusive

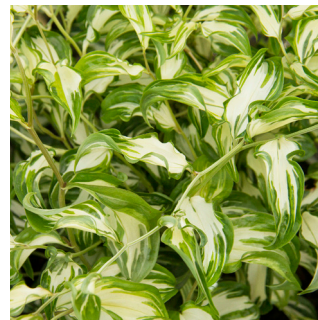

Tectonic™ Magma Begonia
Begonia sp. 'DJHAP18003'
Shade to partial shade | Zone 8–11
Ideal for adding dramatic texture to shaded gardens and landscapes, this beautiful Begonia features large dark green leaves with contrasting burgundy-red undersides. To 18 inches tall and wide. Monrovia Exclusive

Tectonic™ Pangea Begonia
Begonia sp. 'DJHAP18090'
Shade to partial shade | Zone 8–11
Showing off shimmering silver-green foliage broadly edged in deep purple-green, this rare and beautiful Begonia is a must-have specimen in the landscape. It thrives indoors as a trendy houseplant, too! To 18 inches tall and wide. Monrovia Exclusive

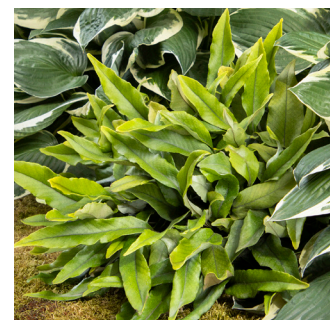

Sichuan Jade Solomon's Seal
Disporopsis peryi 'Sichuan Jade'
Filtered sun to sun | Zone 6–9
An elegant evergreen groundcover, this stunning selection sports dark green foliage and white, bell-shaped flowers in spring. Enjoy as a mass planting, in container gardens, or shaded beds and borders. To 18 inches tall and wide. Monrovia Exclusive

Moonlight Chinese Fairy Bells
Disporum cantoniense 'Moonlight' PP 24,556
Shade to filtered sun | Zone 7–9
This eye-catching perennial is a perfect focal point thanks to its bright green-and-white variegation. As temperatures drop in autumn, it becomes suffused with purple-pink tones. To 24 inches tall and wide. Monrovia Exclusive

Liftoft™ Chinese Fairy Bells
Disporum longistylum 'MonLift'
Partial shade to partial sun | Zone 7–9
This dramatic perennial shows off purple-flushed leaves on towering stems accented by white flowers in spring. The flowers form ornamental blue fruits which provide winter interest. To 60 inches tall and 48 inches wide. Monrovia Exclusive

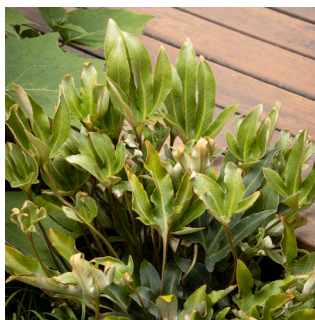

Jurassic™ Brontosaurus Tongue Fern
Pyrrosia sp.
Partial shade to partial sun | Zone 8–11
A rare fern that tolerates dry shade, this slow-growing evergreen grows beautifully in well-drained soil, on a stump or log, or in a container. It's even suitable to display as a houseplant. To 12 inches tall and wide. Monrovia Exclusive

Jurassic™ Stegosaurus Holly Fern
Cyrtomium fortunei
 Shade to filtered sun | Zone 6–9
 Grown from spores collected by Dan Hinkley in at 6,000 feet in Central China, it features extra-large evergreen fronds that provide dramatic texture to shaded gardens and landscapes. To 24 inches tall and wide. Monrovia Exclusive

Jurassic™ Velociraptor Ribbon Fern
Pteris cretica
 Shade to filtered sun | Zone 7–9
 Collected in China, this strain features improved hardiness over the species. Its evergreen fronds add interest to gardens and landscapes, or indoors as a beautiful houseplant. To 18 inches tall and wide. Monrovia Exclusive

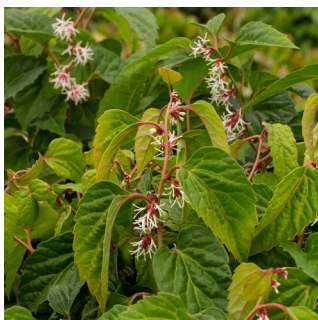

Jurassic™ Triceratops Finger Fern
Pyrrosia polydactyla
 Partial shade to sun | Zone 7–11
 A fern that adds contrasting texture to other varieties, its evergreen fronds are palmately compound and leathery in texture. It thrives in beds and borders, containers, or as a houseplant. To 36 inches tall and wide. Monrovia Exclusive

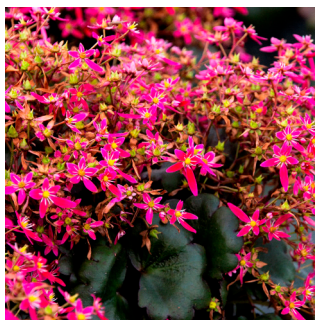

Red-Leaf Mukdenia
Mukdenia rossii 'Crimson Fans'
 Part shade to sun | Zone 4–9
 Ideal for supplying summer color to shade gardens, its foliage takes on red tones as throughout the summer and autumn. It is a showpiece for container gardens and woodland gardens. To 24 inches tall and wide. Monrovia Exclusive

Taiwan Mondo Grass
Ophiopogon formosanus
 Shade to filtered sun | Zone 7–9
 A slowly spreading evergreen groundcover, it adds a grassy texture to beds, borders, and containers. Extra visual appeal comes from summertime white flowers and ornamental blue fruits. To 6 inches tall and 36 inches wide. Monrovia Exclusive

Windcliff Fragrant Pachysandra
Pachysandra axillaris 'Windcliff Fragrant'
 Shade to partial sun | Zone 6–9
 Creating a dense carpet of lush evergreen foliage in shaded borders and landscapes, this rare Pachysandra selection features fragrant white flowers in spring and fall. To 6 inches tall and spreading indefinitely. Monrovia Exclusive

Berry Bright™ Saxifrage
Saxifraga fortunei 'Magenta'
 Filtered sun | Zone 6–9
 Brighten the cool season garden with adorable sprays of vibrant magenta-pink flower clusters held above compact, Heuchera-like mounds of fantastic, bronze-tinged foliage. To 10 inches tall and 12 inches wide. Monrovia Exclusive

Pink Elf® Saxifrage
Saxifraga fortunei
 Shade to partial shade | Zone 6–9
 An adorable spring perennial, it features soft pink blossoms in late autumn and early winter over a tidy mound of bronze-flushed foliage. Semi-evergreen in mild climates. To 10 inches tall and 12 inches wide. Monrovia Exclusive

The Dan Hinkley Collection: Exclusively from Monrovia

The Dan Hinkley Collection launched in 2009 and continues to expand every year with selections chosen by the renowned plant explorer. Varieties in this collection appeal to gardeners who want truly special plants to fill their landscape with distinctive beauty.

Dan Hinkley has hunted new plants around the globe for 25 years, bringing us exquisite varieties from Japan, China, Vietnam, Turkey, Taiwan, Mexico, New Zealand, Chile and Australia. He focuses on exceptional plants with

vibrant foliage, low water needs, and that offer months of ornamental appeal with a minimal amount of effort. These varieties are loved and sought after by gardeners who invest in the beauty of their landscapes. We are delighted to help you bring his hand-selected treasures into your stores.

Each plant has been rigorously evaluated to ensure it will not pose a threat as an invasive species and also to meet our standards of beauty and reliable garden performance.

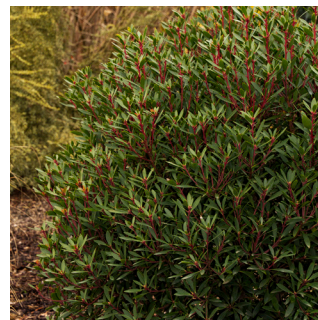

Trees, Shrubs, and Vines

Sunny Daze® Japanese Laurel
Aucuba japonica 'MonHinsuru'
Shade to filtered sun | Zone 8–10
Perfect for brightening shaded landscapes, this evergreen shrub features dark green leaves liberally splashed and streaked with gold. It thrives in containers and can be grown indoors as a houseplant. To 4 feet tall and wide. Monrovia Exclusive

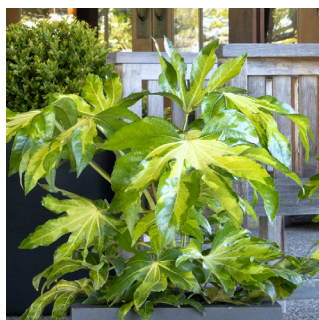

Variegated Box-Leaf Azara
Azara microphylla 'Variegata'
Part shade to sun | Zone 8–10
Whether treated as a large shrub or small tree, this evergreen brings year-round beauty to the garden with its fine-textured variegated foliage and chocolate-scented springtime flowers. To 25 feet tall and 10 feet wide.

Mountain Pepper
Drimys lanceolata
Part shade to sun | Zone 7–10
Enjoy this evergreen shrub as a statement plant, formal hedge, or foundation planting. Its deep green leaves are contrasted by red stems. Fragrant flowers appear in late winter and early spring. To 12 feet tall and 8 feet wide

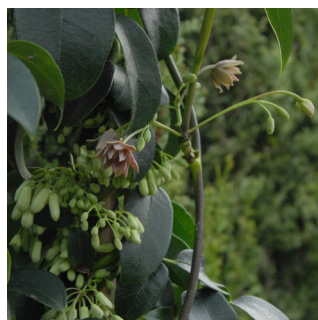

Paperbush Plant
Edgeworthia chrysantha
Shade to part sun | Zone 7–9
An elegant shrub for several seasons of interest, it starts the show in late winter when its pink-blushed yellow flowers open to emit a wonderful fragrance. In autumn, its blue-green leaves turn golden yellow. To 10 feet tall and wide.

Camouflage™ Variegated Japanese Aralia
Fatsia japonica 'Variegata'
Shade to partial sun | Zone 7–10
Adding a tropical look to the shaded landscape, this evergreen shrub's bold foliage melds yellow, lime, and deep-green tones together. It is also suitable as an exotic houseplant. White flowers in winter. To 8 feet tall and wide. Monrovia Exclusive

Pearly Twirly™ Helwingia
Helwingia chinensis 'Djhs073'
Partial shade | Zone 7–9
Ideal for woodland gardens and shaded borders, foundation plantings, and container gardens, this evergreen shrub offers a willow-like texture all year. Charming white flowers appear in spring. To 5 feet tall and 4 feet wide. Monrovia Exclusive

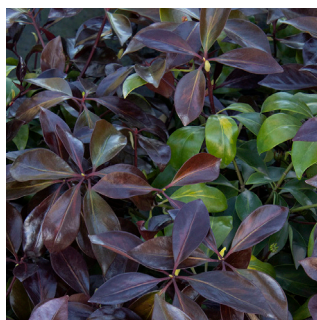

Cathedral Gem Sausage Vine
Holboellia coriacea 'Cathedral Gem'
Shade to partial shade | Zone 7–9
A unique semi-evergreen vine, it brings beauty to the landscape with its lustrous leaves, creamy-white flowers, and edible sausage-shaped fruits. The blossoms are also delightfully fragrant. Quickly climbs to 25 feet. Monrovia Exclusive

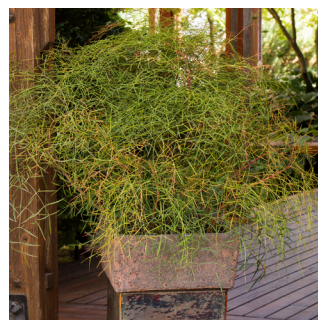

Plum Passion® Improved Hydrangea
Hydrangea aspera 'Monpulse' PPAF
Partial shade to filtered sun | Zone 7–10
A unique Hydrangea for the landscape, this stunning selection bears bicolor lacecap flowers in summer and beautiful purple foliage with rosy-purple undersides that turn golden-yellow in autumn. To 6 feet tall and wide. Monrovia Exclusive

Paradise Song™ Anise Tree
Illicium floridanum 'MONdnis'
Shade to partial sun | Zone 7–10
This evergreen shrub offers scented foliage and flowers. The maroon-red blossoms appear in spring and are followed by ornamental star-shaped seed capsules. To 10 feet tall and 6 feet wide. Monrovia Exclusive

Plumshine™ Japanese Anise Tree
Illicium anisatum 'HinPurlf'
Partial shade to filtered sun | Zone 7–9
A non-suckering evergreen shrub, its new growth emerges deep burgundy purple before maturing to lustrous green. Its foliage and creamy-white springtime flowers are delightfully fragrant. To 5 feet tall and 4 feet wide. Monrovia Exclusive

Chime Heavenly Bamboo
Nandina domestica 'Chime'
Partial shade to sun | Zone 6–11
This distinctively beautiful evergreen shrub from Japan shows off finely divided, almost thread-like foliage. A lovely chartreuse green shade in the growing season, the leaves turn orange-red as temperatures drop in winter. To 4 feet tall and wide.

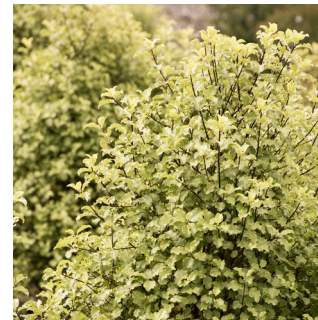

Aotearoa Daisy™ Streamside Tree Daisy
Olearia cheesmanii
 Partial sun to full sun | Zone 7–11
 A fast-growing, easy-care, waterwise shrub for sunny spots, it features silvery evergreen foliage. In late spring and early summer, it is clothed in clouds of white, daisy-shaped flowers. To 6 feet tall and 5 feet wide. Monrovia Exclusive

Twiggly Wiggly™ Tree Daisy
Olearia lineata 'Dartonii'
 Partial sun to full sun | Zone 7–11
 An adaptable shrub, this New Zealand native thrives in a range of soils and is drought tolerant once established. Use this evergreen as a privacy screen or backdrop to beds and borders. To 8 feet tall and 6 feet wide. Monrovia Exclusive

False Sweet Olive
Osmanthus delavayi x *heterophylla*
 Partial sun to full sun | Zone 7–9
 Bearing fragrant white flowers in spring, this evergreen shows off toothed foliage that is attractive in all seasons. Enjoy it as a barrier plant, foundation planting, or hedge. To 5 feet tall and 4 feet wide. Monrovia Exclusive

Tasmanian Ruffles Pittosporum
Pittosporum tenuifolium 'Tasmanian Ruffles'
 Partial sun to full sun | Zone 7–10
 Ideal for use as an evergreen hedge, statement plant, or in the background of beds and borders, it features lush green foliage subtly edged in creamy white and contrasting dark stems. To 10 feet tall and 5 feet wide. Monrovia Exclusive

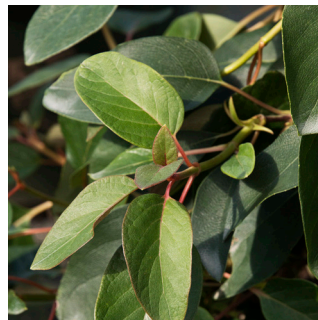

Hook Lance Leaf Sarcococca
Sarcococca hookeriana var. *digyna*
 'Tony Schilling'
 Shade to filtered sun | Zone 5–9
 This evergreen shrub is a fantastic choice for adding fragrance to the late-winter garden. Its small stature makes it easy to tuck in shaded corners. To 2 feet tall and 4 feet wide. Monrovia Exclusive

Winged Phoenix™ Hardy Schefflera
Schefflera taiwaniana 'Monhinschf' PPAF
 Partial shade to full sun | Zone 7–10
 This hardy evergreen shrub adds a decidedly tropical flair to landscapes or containers thanks to its dramatic foliage. White flowers produce ornamental purple fruit. It is also suitable as a houseplant. To 15 feet tall and wide. Monrovia Exclusive

Goldfinger™ Hardy Schefflera
Schefflera taiwaniana 'Hingdfn'
 Partial shade to full sun | Zone 7–10
