## Digital Adoption Solution for Teams

### Is your business ready for the challenges of flexible work?

Microsoft Teams has become the hub for teamwork in the 'work from everywhere world', allowing people to meet, chat, call and collaborate all in one place. But changing the way your employees work means reimagining the way you approach your employees' learning and skilling.

### A different approach to digital adoption for Microsoft Teams

To be agile and responsive to shifts in their workplace environment, organizations need to manage the impact of changes on their employees, providing communications, training and support to empower them to make the most of Microsoft Teams. Vitalyst can help.

### The Vitalyst Solution

Our proprietary PROPEL Methodology™ enables organizations to leverage the full power of Microsoft Teams throughout all phases of the adoption lifecycle: Onboarding, Activation and Continuous Learning. We support your IT staff in expediting the deployment and adoption of Microsoft Teams, accelerating your time to value to:

- Power remote work and collaboration with Teams meetings
- Create a sense of community among your remote workforce
- Reduce meeting fatigue with Team's powerful, inclusive capabilities
- Maximize ROI on your investment in Microsoft technology
- Reduce burden on internal support resources
