PE Presentations:

Due to the continuation of COVID-19 concerns, a representative from Showdown will not be visiting schools again this season. We have created two **MANDATORY** videos: a program overview for the teacher coordinator/staff & a safety presentation video to share with the students. We require all schools to watch these videos so your students and staff can be as prepared as possible for your visit to the mountain.

Access these videos here: Link to be provided via email per your request

You will be asked to confirm that you've watched these videos.
