## Gain insights from your data regardless of where it lives with Power BI

- Connect to all your data and get a consolidated view across your business through a single pane of glass
- Create ad-hoc analysis, live dashboards and interactive reports that are easy to consume on the web and across mobile devices
- Build smart apps by infusing insights from your data and drive action with the power of the Power Platform

## Build powerful virtual agents with Power Virtual Agents

- Enable subject matter experts to easily create powerful virtual agents using a guided, no-code graphical interface—all without the need for data scientists or developers.
- Enable the virtual agent to take action on the customer's behalf. Easily integrate your virtual agent with hundreds of services and systems out of the box or create custom workflows.
- Keep an eye on how your virtual agent is performing by using conversational metrics and dashboards. Get indepth AI-driven insights to improve bot performance.

### Customize, extend, and build all the apps you need

Seamless Dynamics 365, Office 365, and Azure integration along with connectors to more than 200 data sources

Tailor out-of-the-box solutions, embedded forms and dashboards

Highly customized taskand role-based apps

Immersive, end-to-end solutions

#### SOPHISTICATION

### Enterprise-grade management and control

- All identity is managed through Azure Active Directory, enabling rich policies and multi-factor authentication
- Admin Center providing full audit logs, usage analytics, data loss prevention, security and data management
- Centrally manage all your apps, first and third party, deployed across your organization

#### Enterprise-grade

Cloud and on-premises connectivity

Pro-developer extensibility

### **Cloud and on-premises connectivity**

- Built-in connectivity to over 270+ cloud services, files, databases, web APIs, etc.
- Seamless hybrid connectivity to on-premises systems via the On-Premises Data Gateway
- Build custom connectors for everyone to leverage

Enterprise-grade

Microsoft

Cloud and on-premises connectivity

Pro-developer extensibility

## Amplify professional developer productivity

- Extend applications using custom code
- Build custom controls and connectors that everyone can use with Power Apps component framework
- Write advanced client or server-side logic leveraging Azure Machine Learning, Cognitive Services, Bing APIs, custom code, or any service of your choice
- Leverage Azure DevOps to seamlessly manage your solution

## Transform YOUR business now

Want to know if your business is ready for its digital transformation and identify areas for improvement, while staying secure? Our goal is to transform your workplace into an enthusiastic environment for your people to work better, faster, and smarter.

If you're familiar with these situations, we can help:

- You're paying for Microsoft 365, but aren't using half of what's included
- You often lose files, have tedious business processes and lose time with repetitive tasks
- You know your team can leverage Teams better and increase your collaboration

Book us for a quick call. No commitment, free of charge.

Book us now

#### Collaborate in the Cloud with Creospark and Microsoft 365 today.

#### About Creospark

Business transformation is our expertise at Creospark. However, we focus on the people, rather than the technology.

Microsoft 365, Microsoft and the cloud have no secret for us, whether you are in a 10 people business or a 20,000 people enterprise. Our goal is to transform your workplace into a collaborative environment for your **people** to **work better**, **faster**, **and smarter**.

We fuel teams to be more productive, while making work more fun. We don't just complete the work but explain the why, and the art of the possible.

#### "

Creospark was an amazing partner that helped us with our Office 365, Teams & SharePoint environments from licensing, planning, development, implementation and training for our entire company. If you're looking for knowledgeable, fast and friendly technology partners, we highly recommend them!

-Health One Medical Management Team
