

# ROLL ON, MIGHTY COLUMBIA!

We could gush about how the process we use to make Natural Choice from NORPAC uses 47% less water than others use to make standard copy paper. And almost all of that water is returned to our friendly neighborhood river.

But we'll let the Columbia speak for itself.

If you'd like to speak to a human, contact us at:  
[www.naturalchoicepaper.com](http://www.naturalchoicepaper.com)

**Natural Choice**  
Smart meets sustainable
