Bluewater

Cornerstone + Microsoft Teams

Bluewater's Cornerstone + Microsoft Teams integration brings a seamless connection between your Cornerstone and Microsoft Teams. Automate Teams calls from within Cornerstone and capture tracking and completion data seamlessly, all with Bluewater's award-winning service delivery team to help you get quickly integrated and operational!

Connects CSOD virtual events & sessions with MS Teams Meetings*

Automates the creation, updating and tracking of attendance

Schedules dates/times, assigns instructors, auto imports attendance

Supports all standard MS Teams functionality i.e. Chats, Breakout Rooms, etc.

Bluewater's Service Delivery Team is there to support over the course of the contract

Note: Integrates with Teams Meetings only, not Live Events

SIMPLIFY YOUR LIFE!

Are you ready to start seamlessly utilizing Microsoft Teams within your Cornerstone? Contact us and let's get it started.
