

Advice from Apprentices

Print off your calendar - add key dates into your phone such as, deadlines, exams, and work-based learnings.

Co-ordinate with your mentor/supervisor, for deadlines on studies and work-based learnings.

Do not be afraid to ask questions – peers, lecturers, mentors, Catherine, Supervisors etc.

Create a study plan. Allow yourself down time and time to just switch off. down.

Familiarise yourself with the iii and IT Sligo websites (iii is great resource for study i.e. podcasts, webinars, mock exams).

It is so important to have a WhatsApp or Facebook group with your classmates.

Ask questions in class, If something is not working in your opinion, speak to class rep.

Some IT Sligo exams are continuous assessments which are a large proportion of the overall marks. Strive to achieve a high mark on the Cas, it will relieve pressure.

Time management is key. Remember there are times of lower stress and the overall goal is passing exams and it feels amazing.

Read ahead on chapters to understand terms, terminology, and insurance in general.
