DEFINITION OF SLO®

The SABIS Student Life Organization® (SLO®) is a student-led society that empowers students to contribute to the management of their school, play an active role in their education as well as the education of others and make a positive difference around them.

While providing opportunities for emotional, social, and moral growth, SLO® helps students develop their academic, managerial, organizational, and leadership skills.

SLO® gives students the chance to get involved in a variety of academic and non-academic activities such as tutoring, planning sports and social events, organizing community service projects, leading a club, helping other students and much more...

Through the SABIS Student Life Organization®, students learn to:

- Promote high social, ethical, and moral values
- Become active and constructive members of a community
- Acquire problem-solving and life skills
- Develop and refine the attitudes that give them an edge in college and throughout life
- Form circles of lasting friendship
- Get involved in a variety of student-led activities

Having demonstrated that they have a broad range of abilities and experiences and they can be effective and valuable team players, students become more likely candidates at top universities around the world.
