

Yooz is the only AP Automation Solution for the Automotive Industry

The most successful dealership GMs rely on automated, real-time, and instant user adoption processes and tools. Smart invoice and payment processing (AP) automation have become even more critical for handling routine time-consuming tasks such as invoice processing, coding, approval, payables, and vendor audits.

Yooz Solves Your Top Automotive Accounts Payable Pain Points

AP Pain Points for Automotive Companies

- Lack of visibility of cashflow and financial projections, missing invoices, high volume of paper
- Missed or late payments
- Complicated, static, and lengthy approval processes, decentralization of documents
- Slow new hire ramp-up
- Lack of security when storing documents

Yooz is the Best Solution for Pain-Free AP

- ▶ Gain instant visibility into your AP process and metrics in real-time and stop losing documents
- ▶ Reduce your processing time and costs by 80%, start Yoozing now and save time and money
- ▶ Cut cycle time to hours, "yooz" your invoices to get major discounts
- ▶ Set up easily, try for free and start "Yoozing" right away
- ▶ Store fully-compliant and fraud-free documents safely in the cloud

Only Yooz can solve these top automotive industry pain points. Learn more!

Our clients are the heroes of our story

"Before Yooz we had no visibility into our payables process. Now I can visually see exactly where each invoice is in the workflow. And I can create customized reports in real-time that make sense and are value-added."

Shelley Duggins, Accounts Payable Manager

"Since implementing Yooz for our five-store dealership group, the invoice processing time has been reduced by 50%, the cost associated with cutting checks has decreased by 75%, saving us nearly \$35,000 a year, and our GMs have complete visibility into our AP process."

Patsy Price, Director of Operations

"Yooz was the only provider that offered a complete, end-to-end solution. No bolting on additional software. No additional costs. No worry about integration."

Jason Kleve, Controller
