

DRAWERS AND BINS FOR EVERY NEED

SELECTION | SOLUTIONS | SECURE

Storage offerings include hundreds of drawer options to facilitate efficiency for healthcare professionals. Available with smaller medication bins to larger storage drawers, there is a solution for every area of the hospital. Electronic locking is standard with Med Manager software to control user access PIN codes with a second layer of Narc Locking available. A modular design with cassettes facilitates easy filling and swapping of drawers for changing work flows.

Please see your IMS Sales Expert for more details and a demonstration.
