

Complete Wholesale Distribution ERP

Acumatica Distribution Edition provides unparalleled distribution depth with an extensive suite of connected distribution applications for sales, inventory, purchasing, and warehouse management.

Increase sales with opportunity tracking and sales quotes. Reduce carrying costs and eliminate stock-out situations with robust inventory replenishment. Manage omnichannel returns and exchanges with an integrated ticketing system.

Automate processes, improve data visibility, boost warehouse efficiency, and reduce costs with unique midmarket distribution features. Embedded warehouse management (WMS) and

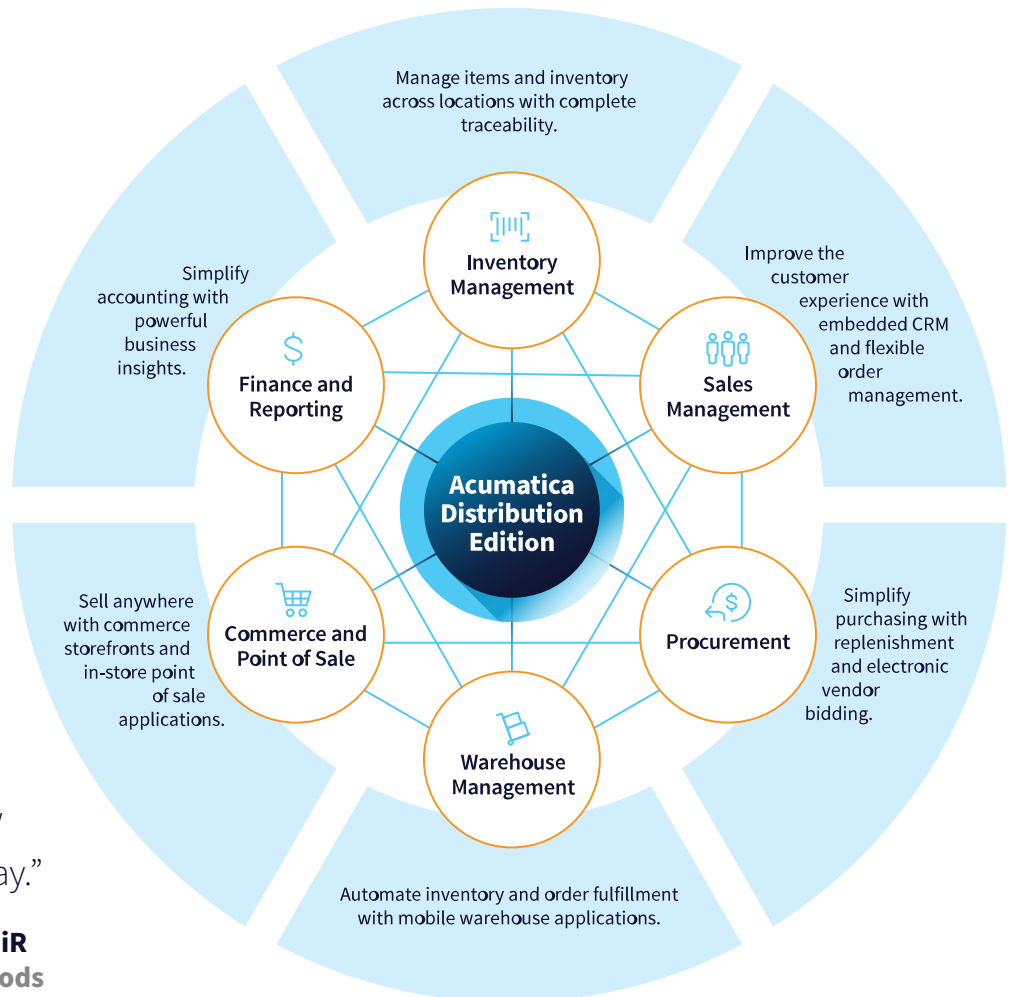

purchase order requisition applications reduce dependence on third-party applications.

Acumatica provides unique breadth with native document management, customer relationship management (CRM), project accounting, commerce, point of sale, expense management, payroll, and field service. A full suite of financial applications manages daily accounting tasks. Manage your entire business with powerful insights through configurable inquiries, personalized reports, role-based dashboards, and real-time business analytics.

Automate and mobilize supply chain activities with a complete Distribution ERP built on a future-proof platform.

“Acumatica has allowed us to be a better digital business. From sales to operations, from admin to C-Level executives, Acumatica allows us to have insight into data to make good decisions to grow our business in a powerful way.”

Extend Acumatica with Certified Applications

The Acumatica Marketplace is one of the leading communities of independent software vendors with integrated applications for budgeting and planning, electronic data interchange (EDI), equipment rental, quality control, logistics and shipping, container management, process manufacturing, and more.

“We are just scratching the surface of what the new WMS can afford us by replacing existing processes. We are looking forward to implementing new streamlined processes that have previously been unavailable to us such as confirming shipments at the time of pick and processing customer returns as soon as items are received at the dock all from the handheld devices.”

Future-proof Cloud Platform Ready for Modern Technologies

Wholesale distributors demand a modern platform built for speed and extensibility to connect external systems and data.

The Acumatica xRP platform is a versatile architectural framework and application development platform that empowers distributors to tailor the software to the way they do business. Because Acumatica's ERP platform technology uses standard web technologies and

development languages, you can modify your business logic using the platform tools to connect to external applications with ease.

The platform is built on the world's best cloud and mobile technology. Leverage Open APIs to connect to the Internet of Things (IoT), to capture data in real-time through machine interfaces, and to automate your warehouse with robotics, carousels, and other modern technologies.

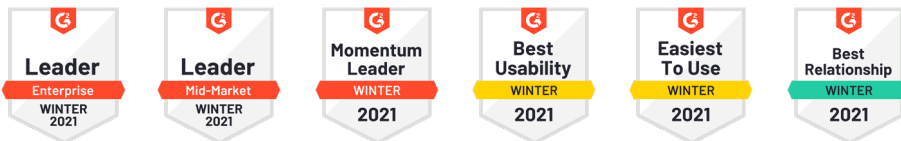

The Acumatica xRP platform is more than just technology. It is the foundation distributors demand for the future. Visual workflows, embedded document management, multilingual translations and localization, mobile expense receipts, time management, and other platform-native features are included in the most resilient cloud ERP platform available for midmarket distributors. Acumatica Mobile Framework provides real-time access to data, and configurability without coding. It connects with mobile device features such as cameras for photos, microphones for voice notes, fingerprint recognition for security, GPS for location tracking, and more.

The Trusted Leader in Usability and Value

Acumatica's [Customer Bill of Rights](#) protects customers with an easy to understand End User License Agreement. It guarantees ERP implementations without hidden fees. The Bill of Rights outlines Acumatica's commitment to consumption-based licensing that does not inhibit growth. It provides sustainable pricing models with limited price increases, deployment choice, and consistent customer service access. Further, it protects customers' access to their data, anytime – even if they leave the Acumatica family.

Further, Acumatica is consistently [rated high](#) in both usability and value by industry analysts and users. Acumatica is ranked as a leader in the IDC MarketScape: Worldwide SaaS and Cloud-Enabled Midmarket Business ERP Applications. Advisory services provider Nucleus Research selected Acumatica as a market usability leader in their ERP Technology Value Matrix. The G2 user review site selected Acumatica as a Leader in the G2 Mid-Market Grid Report for ERP Systems. Acumatica maintains a near-perfect Overall User Rating on the Gartner Peer Insights report.

Acumatica by the Numbers:

- 6,500** Valued Customers
- 180M** Transactions Every Month
- 97%** User Rating Satisfaction
- 300+** Dedicated Employees
- +33** High Net Promoter Score
- 200+** Independent Software Vendors
