Key Equipment Features:

- Recovery from 100 to 40,000+ gallons per day
- Ethanol, isopropyl, pentane, hexane, heptane, and more
- Allen Bradley PLC with programmable recipes
- Secure remote access and control
- High pressure Clean In Place (CIP)
- Industrial internal scrapers and agitators
- Automatic water diversion to reproof ethanol, optional Fractional Distillation upgrade available
- Patent pending
- 304 & 316 stainless steel
- Class I Div I Group D explosion proof & safety certified (Metlab)
- GPP/GMP/cGMP/EUGMP designs available
- Powerful liquid ring vacuum for low temperature processing

PRODUCTION GUARANTEE

We offer production throughput guarantees based on your stream parameters and stand behind these values with a money back guarantee.

World Class Technology, Automation and Service

Lifetime remote service at no extra cost.

Minimize downtime.

We can seamlessly resolve problems you may encounter right from our office with our remote access PLC. With your permission, we will be able to access your system controls to assist with diagnostics & troubleshooting to minimize downtime. Your organization will also have the same secure remote operational capabilities.

Dewatering Explanation

- Maintain your ethanol grade and quality
- The OERS 4 in 1 Solution can automatically divert low grade Ethanol during recovery to maintain your ethanol proof. The set point is determined by both vapor temperature and automatic gravity readings. We can also equip a fractional distillation column to provide even higher proof recovered ethanol.

About Maratek

Maratek is an award-winning industry leader in the solvent recycling and cannabis & hemp oil production industries. We strive for the highest safety and quality standards with all our equipment designated as Class 1 Division 1 certified, and UL listed using only North American stainless steel, parts, and labor.

For over 50 years, Maratek has been engineering & manufacturing environmentally-friendly, high quality products that recycle solvents for the printing, coatings, automotive, aerospace, food, and paint industries.

Maratek can also provide world-class engineering services to integrate systems and provide closed loop cannabis/hemp oil production processes.

The Maratek Family of Cannabis Equipment and Services

Cryogenic Ethanol Extraction Series - EV - M

Oil and Ethanol Recovery Systems - OERS

Turnkey Automatic Winterization Systems - TAWS

Oil Distillation Systems

Isolate Production

Fractional Distillation and Dewatering Systems - F-Series

Engineering Services
