

Ventana Big Sur: The Bridge & Tonic

In the heart of Big Sur, the inn's low cedar structures, connected by beautifully landscaped pathways, blend into the surrounding acres of meadows and woodlands. As with Big Sur itself, scenery takes center stage here and guests of the resort, which sits over 1,000 feet above the ocean, are constantly drawn outdoors by the views. An iconic hideaway for the Hollywood set since the 1970s, Ventana completed a multi-million dollar renovation in 2017 that transformed its rooms and suites with modern furnishings.

The Bridge and Tonic, available at signature restaurant The Sur House, is a Spanish-style gin & tonic made with Central Coast-based Bixby Gin. An ode to Big Sur's original Spanish settlers, the "Bridge and Tonic" name is a play on the iconic Bixby Creek Bridge, which is a 20-minute scenic drive up the coast from Ventana Big Sur.
