## 6. Improve communications

A club using Pitchero can post a news item in seconds, upload an event or message the entire club database.

## 7. Excellent support

Pitchero provides an excellent support team who can provide email and telephone assistance, online guides and even screen sharing video calls for the entire committee!

## 8. 10,000 clubs and counting

Every month, we power over 10,000 club websites, 60,000 teams and reach between 3 and 4 million players, parents and coaches. Our mobile apps are used by 300,000 users every month.

## 9. New updates every month

Pitchero employs a team of developers and product designers. They push new upgrades live every month and these updates are mostly free and part of your exciting package.

## 10. Don't fall under a bus

Some clubs rely on just one person to manage their website and IT. But what happens if that person leaves the club? Or loses a computer, memory stick or deletes an important file? At Pitchero, we encourage all clubs to provide multiple admin access; this ensures the responsibility of your IT is not placed on one person but shared across the committee.

## 11. Amateur sport is all we do

Pitchero has one goal - to unite the world of grassroots sport online. We do not build technology for anyone else. You are our number one customer.

## 12. Incredible value for money

We understand your club finances are tight and the money raised is prioritised to help your members access sport. That's why we have a broad business reducing the direct costs to your club. On average, Pitchero clubs will pay less than £5 per week in software fees. This includes membership and payment tools, website builder template, mobile apps and unlimited hosting.
