What does Pitchero offer my sports club?

1. A club website builder and companion mobile app

At the heart of Pitchero is an easy-to-use club website builder template with over 50 amazing features at your fingertips! Plus, with every website we provide free accompanying iOS and Android sports team mobile apps.

2. Online member registration and payment collection

Built into Pitchero is a custom registration form which clubs can use to register all members online. Clubs can create different membership type such as junior, senior or social and also link registration to an online payment.

3. Team management and player availability tools

We provide everything a coach or manager could need to manage their team. Upload fixtures, publish results, league tables and statistics. Announce team news, post match content and track player availability.

4. Mobile apps for messaging and team communication

For every club website we provide two free apps. The Club App for players, parents and supporters. The Manager App for coaches and team managers.

5. User accounts for all of your club members

Pitchero provides every club member with their own user account where they can manage their information, availability, payments and communications.

6. Social media integration

We understand clubs run multiple social media channels as well as a club website. That's why we have created tools which allow clubs to automatically share content with their Facebook or Twitter page.

7. Live match videos, results and statistics

Keeping your members up-to-date on the latest scores and stats is crucial. To help you, Pitchero allows teams to record stats in real-time via the Manager App. Stats are recorded and sent to your club website and social media channels in just a few seconds.

8. E-commerce store to sell merchandise and tickets

Pitchero club websites include a fully integrated e-commerce store. Upload photos and write descriptions to sell your merchandise and match tickets online using a secure credit or debit card payment gateway.

9. Integrated fundraising and sponsorship features

With every club website we include a free fundraising page. Here, clubs can create a cause, upload photos, set a target and appeal to club members to donate money online.

10. A custom club domain name and email address

We make sure every club member can find your website quickly by including a custom club domain name with the Elite and Ultimate package. Just search for the domain you want and this will be added to your website URL. We also provide custom club email accounts for officials, managers and coaches..

11. Unlimited hosting including videos and photos

A pitchero club website includes all hosting, including video and photos. No extra charges or fees, we offer everything in one simple package fee.

12. An easy-to-use control panel with shared Webmaster access

Clubs can share the duties of Webmaster and every member of the committee can access the different sections which refer to their role. This is how a club website should be managed in 2020 and thanks to Pitchero that's now possible!
