

## NAIFA Chicagoland

2650 Foxfield Rd Suite #120  
Saint Charles, IL 60174

September 30, 2020

To the NAIFA Board of Directors and National Trustees:

As the Board of Directors serving NAIFA Chicagoland we would like to state for the public record that we are committed to NAIFA Nation and will serve our members' best interests. We undertake our fiduciary duties of overseeing our local chapter association seriously and are good stewards of our chapter's assets whether the resources we oversee are monetary or human capital.

We were very disturbed to learn that the NAIFA New York board of directors voted to disaffiliate with NAIFA and that this news was made public without the knowledge of the vast majority of the members of their chapter.

This move was made by a few of the former chapter directors and Park Strategies association management company without dialog with NAIFA itself or the NAIFA members in New York.

Today we will take our own action by voicing our support of NAIFA and to being a proud local chapter of NAIFA Nation. We stand ready to welcome and provide any support necessary to the new Board of Directors of NAIFA-New York.

Together we can take on anything and we will do so as One NAIFA. We invite all members of NAIFA Chicagoland to take to social media today and simply post #NAIFAproud as a public show of commitment to NAIFA.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Gandz".

Christopher Gandz  
NAIFA Chicagoland President
