PIH Posts Detailed Calculation Reports for January and February

HUD's Office of Public and Indian Housing ([PIH](#)) has posted detailed calculation reports for operating subsidy obligations for January and February. The calculations are presented in the same format as obligation letters—the calculations are organized with all PHAs in the same state combined in a single file, which you can access through a map [here](#). The explanation and letters for January and February obligations were posted in December.

You'll find links to the explanation, letters, and calculations reports on the [2021 operating fund grant processing page](#) at the [operating fund website](#).

HUD Awards \$10 Million in Rural Capacity Building Grants

In a [press release](#) Tuesday, the Department of Housing and Urban Development ([HUD](#)) announced that it has awarded \$10 million in capacity building grants to five national non-profit organizations. The funding, provided through HUD's [Rural Capacity-Building for Affordable Housing and Community Development grant program](#), is intended to serve high-need rural areas and help rural housing development organizations, community development organizations, community housing development organizations, local governments, and Indian tribes obtain financing, training, and technical assistance necessary to undertake effective affordable housing and community development activities.

You can see a list of the grantees, the amounts they were awarded, and individual project descriptions at the bottom of the [press release](#).
