GENERAL NEWS

HUD Announces Latest in Health@Home Webinar Series

The Department of Housing and Urban Development ([HUD](#)) has announced that it will be hosting the latest in its [webinar series](#) on healthy housing rehabilitation guidelines. The webinar series provides affordable housing rehabilitation specialists and program managers with information on integrating healthy housing techniques into their rehabilitation projects and best practices from practitioners who have successfully implemented these techniques.

The latest scheduled webinar, titled "[Freedom from Contaminants and Pests](#)," will review measures needed to address one or more of the contaminants that you may encounter during your rehabilitation project, and also reviews preemptive pest control measures. The webinar is scheduled for Thursday, July 23, 2020, from 3:00–4:00 p.m. Eastern time. Click [here](#) for more information, including instructions on how to register.

HUD Summarizes Pandemic Response Actions

Yesterday HUD's Press Office sent a "What You Need to Know" [email](#) summarizing the Department's response to the COVID-19 pandemic. The actions listed are organized into the following categories:

- Keeping Americans housed during the pandemic
- Relief for HUD-assisted renters through the Rent Recertification program
- The HUD toolkit and web resources for landlords and tenants
- HUD's disaster response network
- A centralized website on housing assistance

You can read more about the specific actions taken under each category in the [email](#).
