HUD Announces PH Repositioning Video Series

The Department of Housing and Urban Development (HUD) [announced](#) the PHA Asset Repositioning Post-Closing How-To video series. The goal of the video series is to explain and discuss common issues and activities that occur after repositioning. Each video will help PHAs understand their asset management and reporting responsibilities in the project-based voucher (PBV) program following repositioning actions leading to PBVs. Each video in the series will provide quick guidance on a specific topic.

The first video posted, titled "[How to Apply OCAF for RAD PBV](#)," walks you through how to apply the operating cost adjustment factor (OCAF) to adjust contract rents for RAD PBV units. The video includes a short tutorial on how to use the optional excel-based tool that is available on the RAD resource desk.
