Let Rego Be Your Guide

# Clarity Modern UX Migration Service

Migrate with Confidence with Rego as Your Guide

Are you ready to take advantage of Clarity's Modern user experience (UX) but dread the idea of a complicated migration? Let Rego plot a path to a hassle-free transition to the Modern UX in only two to three weeks. We'll help you create a Modern UX roadmap based on your unique needs and requirements.

## Modern UX Fast Facts

- It is not a like-for-like replacement of the Classic user interface. Instead, it reimagines how modern work gets done.
- Broadcom's innovation team is solely focused on the Modern UX.
- You can adopt in stages by team, module, or capability.
- The Modern UX includes features not available in Classic.
- Can be used side-by-side with Clarity Classic to minimize adoption risk.

## Benefits of Migrating

- Boost productivity and satisfaction with a user-friendly interface.
- Get the latest Clarity functionality.
- Retain familiar Classic features with enhanced Modern UX tools.

## Rego's Proven Migration Methodology

1 Assess your Clarity environment

2 Identify improvement areas, including complex configurations, to find ways to simplify

3 Develop a best-practice migration roadmap

## Example Migration Roadmap

### Crawl

- Apply the Phoenix skin to Clarity Classic to create a fresh look and feel.
- Migrate team members into Clarity Modern to utilize the Modern UX Timesheets.
- Portfolio Managers and executive team utilize Roadmapping for strategic planning.

### Walk

- Project Managers and Resource Managers learn how to toggle between Clarity Classic and Modern.
- Migrate Project Managers to the Modern UX. Utilize channels for custom functionality as necessary.
- Migrate Resource Managers to the Modern UX. Use the Staffing module for Planning.

### Run

- All Team Members, including Project Managers, Resource Managers, and Portfolio Managers, exclusively utilize the Modern UX with minimal exposure to Classic capabilities (e.g., Pages for portlet-based dashboards and Resource List links).
