

# Fade faster. See clearer.

Sense the difference in  
Sensity® Light-adaptive lenses.

**Introducing Sensity® 2** Light-adaptive lenses – almost twice as fast in fade back time, compared to first generation Sensity.

## Sense the difference

- Fade back speed improved compared to first generation Sensity
- Improved lens performance. Faster response no matter the climate or season
- **Stabilight Technology:** consistent performance and UV protection in a variety of climate and light conditions\*
- **Precision Technology:** microscopically accurate spin-coating process for superior adhesion

## Features

- Best balance of fadeback speed and darkness for most patients
- Darkens to a dark category 3 sun tint
- Extremely clear indoors
- Intense, natural color options
- Reduces glare when activated
- 100% protection against UV rays
- Blue light protection indoors and outdoors\*\*

## Available colors

Silver Gray

Bronze Brown

Emerald Green
