WHY MAGNET?

MAGNET's mission is to help local manufacturers THRIVE! As a mission-driven consultancy and advisory organization, MAGNET'S experienced team of Growth Advisors and service partners have been working with local manufacturers for over 35 years, driving business growth, innovation, operational improvements and much more. Because we have no profit motive, we measure the effectiveness of our consulting services and work based on their ECONOMIC IMPACT. And we ask all of our clients to validate this impact after every engagement. This requires us to focus on generating meaningful and measurable results – holding ourselves to a high standard of performance and accountability.
