

## Sub: Webinar on Supply Chain Opportunities - Reg.

Respected Principal,

*Greetings from Fhyzics Business Consultants Pvt. Ltd. – an ACP of APICS, USA and ASC of CIPS, UK, offering supply chain consulting and certification services to corporates across the globe.*

We organize exclusive webinars for educational institutions on supply chain opportunities in India and abroad, and on how students should prepare themselves to make a career in supply chain and capitalize these opportunities.

If your institution is interested, we can arrange a one-hour webinar at a mutually convenient date & time for the pre-final and final-year students. The webinar will be presented by Mr. Venkadesh Narayanan, Principal Consultant, Former Indian Civil Servant [IRAS].

There is no cost / obligation associated with this program and it will be of immense benefit for your students. This also opens up a new avenue for your students in the fast-emerging supply chain domain.

For any queries,  
You can reach me at 900-304-9000 or email me at [Certifications@Fhyzics.net](mailto:Certifications@Fhyzics.net). Thanks.

Regards,

Malathi D
