

Note: The PDS file names have been changed from SYS\$xxx to CSS\$xxx.
Be sure to update your standard labels before installing BIM-GSS
or BIM-FAQS 5.3A. The labels you can encounter that need changing
are the following:

```
SYSS$ARC to CSS$ARC - BIM-FAQS/ASO Sysout archival PDS
SYSS$CPR to CSS$CPR - BIM-GSS CICS PRINT (CPR) PDS
SYSS$EVT to CSS$EVT - BIM-FAQS/PCS Event PDS
SYSS$LOG to CSS$LOG - BIM-FAQS/PCS Log PDS
SYSS$MON to CSS$MON - BIM-GSS MON PDS
SYSS$VIO to CSS$VIO - BIM-GSS VIO PDS
```

Note: Be sure to read the cover letters for BIM-GSS, BIM-FAQS/ASO, and
BIM-FAQS/PCS for important information about this release.

Note: With the zip distribution files, you will find install members
that will explain the installation process. Be sure to run
the BGSSDIST, BASODIST, and BPCSDIST files (in that order) if
your version of VSE is ESA 2+. Substitute BASODIS1 for BASODIST
if running VSE/ESA 1.42, otherwise BASODIS1 is NOT to be run!

Note: Be sure to read the READTHIS document on the BIM-FAQS/ASO 5.3A
support page for instructions about how to apply maintenance.

Note: If you are converting from CA versions, be sure to read the
CATOCSI document on the BIM-FAQS/ASO 5.3A support page.
