FEBRUARY

Medical Care is Just a Click Away

**A strong connection
when you need
it most.**

Coronavirus has put telemedicine in the spotlight as a safer, more efficient way to receive medical help.

It can be a welcome alternative to visiting a doctor's office, now viewed as a hub of anxiety and potential illness. Additionally, many physicians' offices don't offer after-hours appointments or have you waiting for some time in crowded waiting rooms.

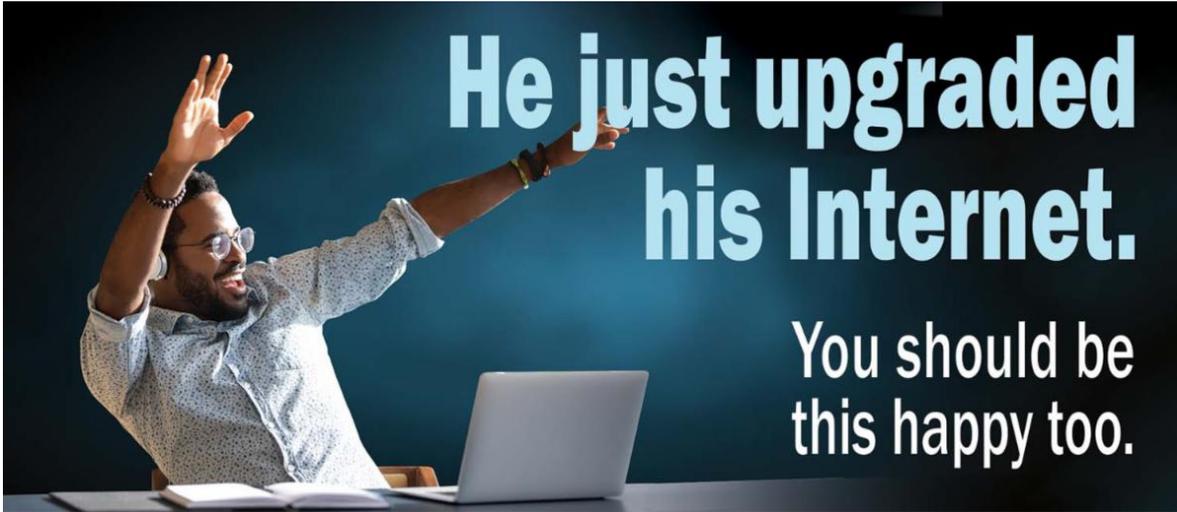

You don't have to be tech-savvy to use telemedicine, either. It's as simple as logging into your computer using your fast and reliable internet from ITS Fiber (A Blue Stream Company), opening a video chat link provided by your healthcare provider, and getting the medical advice and prescriptions you need from the comfort of your home.

**Upgrade Your Internet Speed,
Get First Month Free.**

You already have reliable home internet from ITS, but maybe you need more speed for streaming, gaming or using all your smart devices.

Upgrade your internet today and get 1 month FREE plus \$10 OFF per month for the first year.*

**Get your free month of Internet today!
Call 597-2111**

LEARN MORE

*New Year Offer is valid for new internet customers or current customers who upgrade to 200/200 or higher speed and requires two-year service agreement. \$10 off internet is for first 12-months of service. Other restrictions may apply. Fiber internet speeds may not be available in all areas. Offer ends March 31, 2021. Call for complete details or visit our website: www.itsfiber.com/new-year-2021

**Mike Gonzalez Named Palm City
Chamber Ambassador of the
Year**

We are proud to announce that one of our ITS Fiber team members won the Ambassador of the Year Award from Palm City Chamber at their 42nd Annual Dinner & Installation held Saturday, February 6 at the Village Club & Preserve in Palm City. Mike has continued to keep our company's mission of developing long-term relationships in the community and businesses alike. This award certainly attests to these efforts.

The "Black & White Affair" event was held in an outdoor pavilion and featured the Chamber's installation of their 2021 Officers and Directors. Other awards were presented to businesses and individuals including: Business of the Year - Tami Karol Insurance; New Business of the Year - Crafted by TBC, Tara Biek Creative; The Michelle Duto Radcliffe Award for community dedication and support - Bob Thornton, O'Donnell Impact Windows and Storm Protection.

Again, we congratulate Mike and the other award winners.

ITS Fiber Sponsors 25th Annual Indiantown Education Coalition Lunch Event.

For the last 25 years, ITS Fiber has continued to sponsor and support the local Indiantown Education Coalition.

At this year's luncheon, held on February 19, 2021, we donated "technology-themed" gift baskets for the event's drawing and were one of the business box lunch sponsors. Due to Covid-19, the Education Coalition did their raffle virtually and had supporters pick up their box lunches (donated by Indiantown's Subway) in a drive-through format at the Civic Center.

ITS also gives a college scholarship each year through the IEC in memory of former employee, Bill Hannah, who was a great supporter of education in Indiantown.

ITS Fiber Receives “Valentines” from Hope Rural School in Indiantown

Local students and teachers from the Hope Rural School in Indiantown, took the time to make handmade “Valentines” saying how much they “love” ITS and our internet services and thanked us for providing it so they can do their schoolwork and, of course, play games on their computers! We received these Valentine cards and a small poster showing the kids learning about phones (other than the mobile type) and thanking ITS for our support during the school year. See the couple samples above of the many cards we received. It’s great to feel appreciated by our customers (and future customers).
