### **Monthly Golden Tee Contest for all Accel Locations**

#### **Rules**

Contests will run from the first day of each month at 4:00 AM until first day of the following month at 4:00 AM. This will be preset in the contest software provided through Incredible Technologies before the contest begins.

The contests will include all Accel-operated Golden Tee games that are connected to the internet, including those in warehouses. All locations are eligible, regardless of the date that the Golden Tee was installed in a location. This contest will not run on any other operators' games.

If multiple contests occur within the same month, each will be set up individually. This is to ensure that each contest will run independently and not intermingle different score factors.

Each Monday, a leaderboard will be sent remotely to each Golden Tee game through software provided by Incredible Technologies. If multiple contests are being conducted, then each will have an individual leaderboard. These leaderboards will be generated through Incredible Technologies player database, which is automatically downloaded to the FACTS Live contest software. Leaderboards will show on all Accel-operated Golden Tee machines.

A set prize amount will be set at the beginning of each month. The distribution will be conducted through player information provided from Incredible Technologies. Payouts will be in the form of operator gift cards, which can only be used in Accel-operated Golden Tees. Prizes will be distributed as follows:

| <b>Place</b> | <b>Individual Payout</b> |
|--------------|--------------------------|
| 1st          | \$250                    |
| 2nd          | \$150                    |
| 3rd-4th      | \$100                    |
| 5th-9th      | \$50                     |
| 10th-15th    | \$25                     |
