

Business Modeling & Architecture

iGrafx®

CLEARLY SEE MULTIPLE DIMENSIONS OF YOUR BUSINESS THROUGH YOUR PROCESSES

iGrafx provides you the ability to make informed decisions for your organization based on the actual execution of the processes that make up your business.

Hierarchical Process Landscape for Easy Access to Process Knowledge

Use operational, supporting and reference layers and relate to key business factors

Identify and Mitigate Process Risk and Ensure Compliance

Locate hot spots, reduce costly manual processes, and be prepared for compliance audits

Business Continuity & Resiliency Planning

Identify and prioritize business critical processes, systems, personnel and suppliers to ensure your business continues to deliver on customer expectations during times of crisis or disruption.

Align Process Optimization with Company Strategy

Match company processes, resources, and systems with corporate goals

Leverage KPIs to Effectively Monitor Business Performance

See real-time process behavior and react with speed to deliver optimum performance

Drive Business Performance:

Align operations to business strategy, improve operational resiliency, reduce potential compliance violations, enhance customer experience, and increase the accuracy of business metrics.

Business Transformation:

iGrafx Business Transformation solutions empower organizations to achieve maximum performance today, transform for the digital world of tomorrow, and define continuity and resiliency plans for whatever disruptions may come. This is done through the capture, communication, and alignment of strategy, people, processes, and technology, uniting the entire organization around delivering business value.
