

## SWITCH NOW TO THE CLOUD!

In the current business climate, efficiency has never been more important. iGrafx Cloud enables your business to streamline operations while reducing capital expenditures at the same time. With geographic mobility that allows for global collaboration any day or time, business productivity increases, effectively raising business profits.

Key Feature	Benefit
<b>Security</b>	<ul style="list-style-type: none"><li>• Cloud-based data centers in your region (e.g. Germany), managed by experts</li><li>• iGrafx is SOC-2 certified and relies on hosting expertise from Microsoft Azure data centers</li><li>• 24x7 Support</li></ul>
<b>Accessibility &amp; Mobility</b>	<ul style="list-style-type: none"><li>• High-performance and worldwide access to central process data through your browser</li><li>• In addition to easy access, disaster recovery plays an important role. This is included thanks to Azure Hosting.</li><li>• High performance &amp; availability &gt; 99.95% with Microsoft Azure</li></ul>
<b>Cost Savings</b>	<ul style="list-style-type: none"><li>• User based payment model with minimal IT investments</li><li>• Automatic updates without additional IT costs and deployment without purchasing physical hardware</li><li>• Reduction of the outsourcing risk (and thereby IT insurance costs)</li></ul>
<b>Scalability</b>	<ul style="list-style-type: none"><li>• With iGrafx Cloud Computing you do not have to invest in a physical infrastructure. Your company grows and your licenses grow with it.</li><li>• Flexibly scalable payment &amp; runtime models, as required.</li></ul>

\*SOC-2: Service Organization Controls standards for operational security. Developed by the American Institute of CPAs (AICPA), SOC 2 defines criteria for managing customer data based on five "trust service principles"—security, availability, processing integrity, confidentiality and privacy.
