

Start a Large Animal

Fast-Track Lab!

Earn additional revenue while helping the Vet Techs of the Future!

ABOUT FAST-TRACK LABS

Many of our students have limited access to the large & lab animals they need to complete their studies (bovine, equine, other ruminants, avian, lab). Penn Foster partners with third parties to create Fast-Track Lab sites where students can complete their large and/or exotic animal skills as part of their Penn Foster Vet Tech Associates degree second Externship.

FAST-TRACK LAB FEATURES

Give current 4th Semester Penn Foster students a boost towards graduation

Earn additional revenue to help support the operations of your organization

Connect with potential future employees as they learn and demonstrate their technical skills!

HOW IT WORKS

1. Please read our [complete set of FAQs](#).
2. Meet with our Externship Team to walk through the benefits and requirements.
3. Complete an Affiliate Agreement with Penn Foster – Welcome Aboard!
4. Schedule your Fast-Track Labs.
5. Get listed on the [Penn Foster Externship Locator](#).
6. Publicize your schedule on the [Penn Foster Facebook Group](#)!
