

RIGID 360° APPLICATOR

A 36" WAND FOR APPLYING CAVITY WAX AND OTHER COATINGS
IN A 360° PATTERN TO INNER PANELS AND FRAME RAILS

NEW

RIGID 360° APPLICATOR

LEADING COMPETITOR

- Rigid construction helps with applicator placement
- 36" length – can be cut to any size
- True 360 degree spray pattern
- Can be used with other **SEM** aerosols
- Reusable to reduce waste
- Fits 77763 **XXX Universal Gun Cleaner** for easy cleanup
- Convenient 4 pack

Part No.	Product	Size
71360	Rigid 360° Applicator	4 Pack

When to use it: On inner body panels and cavities to restore OEM corrosion protection.

STEP 1 PREP & APPLY

AEROSOL

Clean surface with **SEM Solve** or **XXX Universal Surface Cleaner** where applicable. Remove cap from **Rust Preventer Cavity Wax**. Attach **Rigid 360° Applicator**. Apply 1 – 2 coats.

- ! Do not spray without tip being inserted into inner panel access point.
- ! Change angle and depth of the tip inside panel to ensure coverage.

QUART

Clean surface with **SEM Solve** or **XXX Universal Surface Cleaner** where applicable. Shake bottle of **Rust Preventer Cavity Wax** for 1 minute. Attach **Premium Undercoat Applicator & Wand**. Spray 1 – 2 coats at 35 – 45 psi.

- ! Do not spray without tip being inserted into inner panel access point.
- ! Change angle and depth of the tip inside panel to ensure coverage.

STEP 2 CLEAN WANDS

Clean **Rigid 360° Applicator** by attaching the wand and tip to **XXX Universal Gun Cleaner**.

Clean **Premium Undercoat Applicator & Wand** with **XXX Universal Gun Cleaner**.

- OEM recommended
- Non-hardening
- Sprayable in 360° pattern with 71360
- Excellent corrosion protection
- Superior wicking

SUITABLE SUBSTRATES

Inner body panels, cavities, and channels painted and unpainted
