artcobell

Artcobell is excited to offer a series of professional development hands-on, interactive workshops to support your purchase of artcobell furniture

*Presented by Patricia Cadigan
Director of Learning Environments, M.Ed.*

Objectives

- ✓ Review current research in relation to classroom design and the impact on student achievement and engagement
- ✓ Overview concepts like flexible seating, collaborative worksurfaces and mobile furniture
- ✓ Create environments that are safe and secure and provide students voice and choice

Customized to meet the districts vision for teaching and learning

- ✓ Hands-on collaborative workshops or virtual meeting
- ✓ Data driven / Evidence / Research based
- ✓ Small group (35 or less) or Trainer of Trainer model

How can furniture support your vision?

- ✓ Use furniture to enhance teaching and learning
- ✓ Learn how furniture can support students social and emotional needs
- ✓ Flexible seating promotes student ownership and choice
