City & Guilds

AP15b - AUTHORISED PERSON HV INDUSTRIAL & COMMERCIAL

Develop are proud to be able to offer you the first truly blended learning programmes, launching with AP15b. This programme, the first of it's kind for our industry, has been developed following thorough pilot-testing and listening to you and what you require. There are various differences from the traditional classroom method of delivery to this new 'blended' programme - these are summarised below:

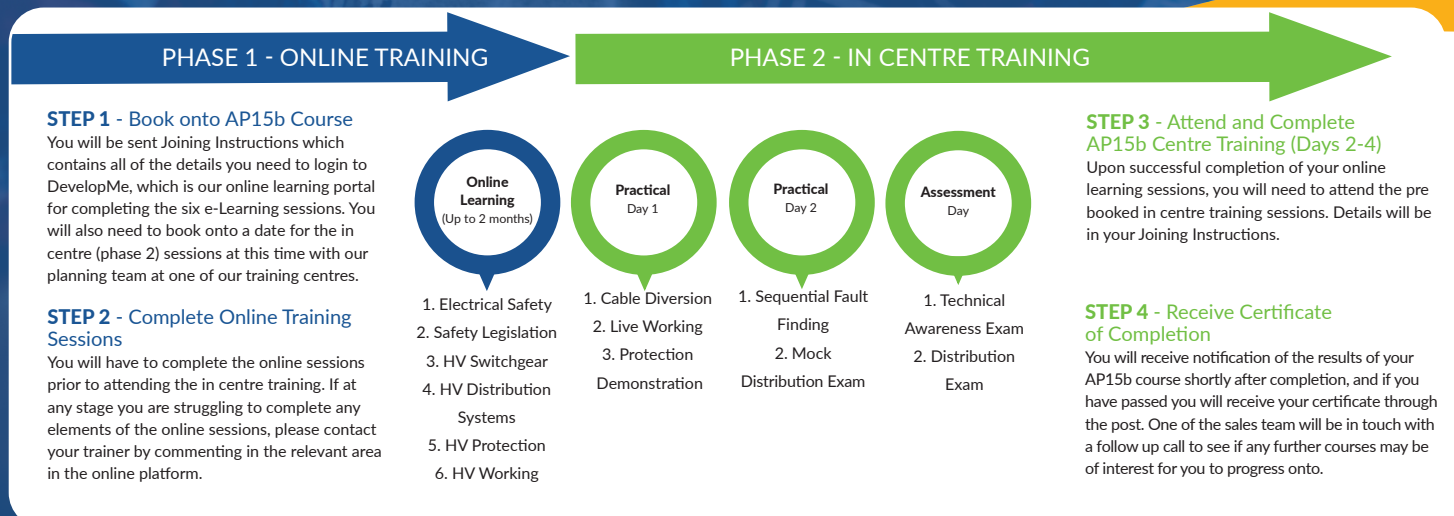

WHY CHOOSE BLENDED LEARNING?

Both courses are aimed at providing you with the necessary skills and practical awareness necessary to carry out the duties of an Authorised Person / Senior Authorised Person for HV Electrical systems. The blended course allows you to study Safe Systems of Work rules and theoretical parts of the course at your own pace with guidance from our highly experienced trainers (if required) and apply the learned information in one of our centres on real equipment.

From the employer's perspective, employees will spend less time off-site therefore decreasing the costs associated with travelling and overtime. They will also be able to apply what they learn at work as they go along, giving them an opportunity to develop understanding of the company's safety rules whilst studying.

Detailed below are the programme days for both the online aspect and the in centre training elements of this programme.

AP15b - TRAINING JOURNEY

VIRTUAL, DIGITAL & BLENDED THE DIFFERENCES

VIRTUAL

TUTOR DELIVERS
IN A CLASSROOM YOU
ATTEND REMOTELY VIA
ZOOM/TEAMS

DIGITAL

DELIVERED DIGITALLY,
ONLINE AND COMPLETED IN
YOUR OWN TIME,
AT YOUR OWN PACE

BLENDED

DIGITAL LEARNING WITH
THE ADDITION OF SOME
MODULES DELIVERED IN
PERSON IN A CLASSROOM

Develop Training have created a suite of inspiring learning training solutions for Utilities and Estates & Facilities Management. These courses are delivered in a range of options to ensure you *develop your way*. All courses underpinned by industry leading technology, delivered by world class tutors with real world support. Develop are also proud to have now launched, the first of many, truly blended learning programmes, created by the sector for the sector.

YOU SAID, WE LISTENED!

As part of our continuous improvement cycle, we really listen to your feedback and as such have introduced **Virtual Classrooms** as well as **Blended Learning** to ensure we remain as flexible as possible for you our customers and that you can access training not only how you prefer but when you prefer it. We have also worked hard to ensure we attract the very best talent so you can rest assured that our trainers are the best of the best, and that your experience will always be of the highest level - always exceeding expectations.

INNOVATE. CREATE. DEVELOP.
