POLICY SUMMARY

The Prevent Strategy is the response to the ideological challenge of terrorism and the threat from those who promote it; to prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support.

Types of extremism to be found in the United Kingdom include:

- **Violent extremism:** the activity of individuals or groups to promote views that justify or glorify terrorist violence. This includes encouraging others to commit terrorist acts or provoking others into terrorist-related activity. It also includes fostering hatred which may lead to inter-community tensions and violence within the United Kingdom.
- **Radicalisation:** the process by which a person changes their perception and beliefs due to exposure to an extremist influence (which may be online, publication or one to one direct contact) to become more extremist in nature which may result in extremist actions.
- **Domestic extremism:** the activity of individuals or groups conducting criminal acts of direct action to further their protest campaign. This term covers the conduct of groups involved including the extreme right wing and animal rights extremists.

The situation in Britain regarding radicalisation is one where there can be significant threats from the extreme far right, dissident republicans and some extremist pseudo-religious groups. This strategy is not limited by age; this is reflected through all work completed at PM Training.

This policy defines the approach taken by PM Training in response to its duties with respect to radicalisation and extremism

1. POLICY STATEMENT

PM Training will work to protect and take action to protect all learners from extremist and violent views in the same way that we have undertaken to safeguard learners who come under our jurisdiction. This is made clear through the induction process as learners join PM Training and reinforced throughout learners’ time with us.

All staff members at PM Training who identify a concern through conversations, behaviour, appearance or actions and will report these concerns to the safeguarding team or the Prevent lead (Director of Training Operations).

Staffordshire Police Prevent Team contact details:

- Emergency:
 - Tel: 999

- Non-emergency:
 - Email: prevent@staffordshire.pnn.police.uk
 - Tel: 01785 232054
 - Tel (anon): 0800 789321

A report such as this does not assume criminal activity has taken place. The Police will investigate and if there are security concerns, appropriate action will be taken including, where appropriate, guidance and support.

The Local Authority Prevent Lead and the Channel Coordinator will assess if the Channel route is the most appropriate and there will be a multi-agency Channel panel meeting to determine whether specialist support is needed and tailored support will be selected as appropriate for the individuals concerned. This will be monitored through the Channel panel and other safeguarding professionals. There is close collaboration between PM Training and Stoke-on-Trent Safeguarding Board. Continuous reviews will be completed, and at any time there is a repeat of concerns the assessment process will be restarted.

Pastoral care is given as a matter of course at PM Training and any person who has been identified as having any of the indicators noted will be supported throughout. This is standard practice throughout PM Training when any concerns relating to Safeguarding or Radicalisation and extremism are reported or noted.

Incident Management

Any incident will be managed by the Prevent lead and Executive Team with support from Marketing and Communication. Care will be taken to protect both individuals and PM Training.

Incidents and concerns will be recorded in the PM Training confidential electronic safeguarding record-keeping system. Information about concerns and reports will be reported at least annually (to the Leadership Team and Board).

Subcontractors

Before service deliver is contracted, we will ensure that subcontractors have a commitment to fulfil their duty of care in relation to the Prevent strategy and monitor their implementation of an appropriate policy with respect to Radicalisation and extremism. Subcontractors' arrangements around Radicalisation and extremism must at least meet the requirements of this policy. This will include a duty to report any issues to PM Training as well as the appropriate authority

External Visitors

There is a robust system in place at PM Training to ensure that visitors are identified and where possible their credentials are known. Invitations are only extended to

persons who have a professional interest in PM Training activities. Visitors will be briefed on arrival about how to report concerns about radicalisation or extremism.

Equality & Diversity

This policy has been considered against our Equality and Diversity Policy. HR will work with managers on an individual basis to ensure that training, coaching, advice and support is provided and are readily accessible to mitigate against potential direct or indirect discrimination.

4. GLOSSARY OF TERMS AND/OR FURTHER READING

Radicalisation is defined as the process by which people come to support terrorism and extremism and, in some cases to then participate in terrorist groups.

Extremism is vocal or active opposition to the fundamental British Values.

Fundamental British Values – these are commonly held values in society and form part of the PSD/citizenship agenda they include democracy, the rule of law, individual liberty, mutual respect and tolerance.

Prevent - The purpose of Prevent is to stop people from becoming terrorists or supporting terrorism. This includes countering terrorist ideology and challenging those who promote it, supporting individuals who are especially vulnerable to becoming radicalized, and working with sectors and institutions where the risk of radicalization is assessed to be high.

Channel - a deradicalisation programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. The programme uses a multi-agency approach to protect vulnerable people by:

- identifying individuals at risk
- assessing the nature and extent of that risk
- developing the most appropriate support plan for the individuals concerned

Contest is the United Kingdom's counter-terrorism strategy. ... The aim of the strategy is "to reduce the risk to the UK and its interests overseas from terrorism, so that people can go about their lives freely and with confidence." There are four themes to the strategy:

- Pursue
- Prevent
- Protect
- Prepare
