trint

Produce more content under tight deadlines

Brands need to be visible on the channels their customers use as audiences demand more and more content. How can marketing teams keep up up with demand while making their content stand out in an overstimulated world?

Enable content production

Give your team the tools to **immediately** access the raw content and quickly turn around net new assets, from blogs and articles, social posts and podcasts.

Serialize content for all your formats

Reuse keystone content to publish more, **faster**

Jeff	Hi I'm Jeff CEO and founder of Trint. We want you to get the most out of your experience so follow me on this short tour. And we think you'll learn a few things.	1	E Solution guide
Jeff	Once your file is transcribed you can use the Trint Editor that		E Blog
4.9s	correct. Trint may have difficulty with certain words and names.		
	For instance my own last name is Kofman, but it's an unusual		
	spelling so it comes out wrong. To correct it click on my surname		
	and then spell it k o f m a n. And now here's where things get		
	really cool. Select the corrected word and then click Add to		E Twitter
	Vocab at the top of the screen and Trint will remember it and $5.8_{8}, 00.00, 44^{\circ}$ spell it right the next time.		
Jeff	⊂ 00:00:45 Now I want to show you how to do a Highlight on Trint. Select a		E Theme for white paper
	sentence or two on the screen. Try it now. And then click the		
	Highlight key at the top. You'll see that it highlights the text. 00:00:57 Depending on your plan you can also use multiple colors. But		
	there are two pieces of timing next to the Highlight. The first tells		

- Lift quotes and snippets for social media posts
- Make key moments available for blogs, articles and papers
- Store, access and reuse from your content repository

Stay organized no matter how many projects are in the air

Leverage Zapier and keep work moving with automated workflows

Connect with Trint!								
Zapier								
With connections called Zaps, set up in minutes with no coding, you can automate your transcription process. Zapier can automatically trigger workflows in other apps whenever new transcripts are ready in Trint. Or you can upload a file for transcription in Trint whenever trigger events happen in the other apps you use most. Find out more Take a look at Trint's pre-made Zaps:								
△ ► †	Upload new Google Drive files to Trint	Use this Zap						
t • #	Send a Slack channel message when a Trint transcript is ready	Use this Zap						

- Get notifications on the platforms you use when a file is transcribed and ready to work on
- Send work to the right people, at the right stage
- Set up custom notifications in team channels or emails, so everyone is working from the same page

About Trint

Trint unlocks the power of speech. Our platform uses A.I. to automatically transcribe audio and video, making it easy to find the moments that matter. We connect teams for seamless, fast and secure content creation.
