trint

How to keep content teams connected and efficient

With teams more distributed than ever and never-ending content demands, you need ways for your team to easily collaborate and produce content more efficiently. Give your teams the tools to create more content and tap into new distribution channels.

Everyone working on the same page

Working together in **Trint's Editor** is simple with realtime editing, tracking and highlights

 Oborner
 And as I told them, not only do I hear the pain and frustration of being subjected to that kind of constant suspicion, but part of the reason I got into politics was to figure out how can I bridge some of those gaps in understanding so the larger country understands this is not just a black 1258 doi:13
 Image: The figure 13 told the reason I got into politics was to figure out how can I bridge some of those gaps in understanding so the larger country understands this is not just a black 1258 doi:13

 Image: The figure 13 told the reason I got into politics was to figure out how can I bridge some for boling some of these situations are what they describe. What we've seen now on videotape, because it used to be folks and say, well, maybe blacks are exaggrating, maybe it was you know, some of these situations are what they describe. What we've now seen on television for everybody to see gives us an opportunity, I think, to finally have the kind of conversation that it's been a long time coming.
 Image: Quote for social

 If the reacessary are the protests that we're seeing all over the country?
 Image: Protesters, young protesters, angry, frustrated protesters? How necessary are they to the process of moving the ball of the policy ball, the legislative ball?

- Add comments to collaborate with team members and mark down important trends
- Verify what was said so work can move forward to onward production and refinement

trint

Stay organized no matter how many projects are in the air

Segment projects, instantly share work with other content creators and never double up with Workspaces

Integrate Trint into your content workflow

Leverage Zapier to keep your team connected and aligned, wherever they are

- Automatically share transcripts with other marketers
- Set custom roles and permissions to make sure the right work is done by the right people
- Keep a repository of archived work to easily find and reuse
- Get notifications on the platforms you use when a file is transcribed and ready to work on
- Set up custom notifications in team channels or emails, so everyone is working from the same page
- Automate actions in Trint so virtual calls are automatically transcribed

About Trint

Trint unlocks the power of speech. Our platform uses A.I. to automatically transcribe audio and video, making it easy to find the moments that matter. We connect teams for seamless, fast and secure content creation.
