

trint

Collaborative workflows with the Trint Editor

The Trint Editor helps you find the moments that matter, fast. Teams can easily review, edit and verify the same transcript simultaneously.

Unlock the power of speech with Trint's collaborative Editor. Each word is stitched to the corresponding spoken word in your audio/video file so you can see and hear your story unfold. Transcribe in 31 languages, collaborate across the world.

AaI

Highlight

Track important moments and key quotes

Vocab Builder

Teach Trint your custom words or terms and save time editing
