

Be fast, be accurate. The easiest way to cover stories, as they unfold

Audiences are hungry for the news. With less time and fewer resources than ever, media professionals can't afford to do menial work. Capture and unlock what was said in editable transcripts, so you can quickly share your story on all the channels you use.

Transcribing interviews

Save hours of effort, get the full transcripts in minutes

Podcasting

Find and lift key moments for scripting and editing

Covering live broadcasts

Publish the story as it breaks with Realtime

Take the ~~menial~~ out of...

Editing & captioning video

Time coded soundbites make onward editing and captioning painless

Translations

Get the gist of what was said; polish to perfect for subtitles

With tremendous pressure to produce stories, journalists don't have time to burn on mindless work. Newsrooms using Trint are able to rapidly unlock audio and video content, while focusing on the creative parts of storytelling.

Tell your
story
everywhere

Move work forward into digital, audio or video formats and for the channels that move your audience

Simpler
storytelling

More tools to own more of the workflow, with simple handovers to audiovisual editors

Connected
newsroom

Easily find, publish and repackage content, whether your newsroom is in one place or around the globe

The Seattle
Times

“

The time codes are invaluable. You have an exact time code down to the second. It saves so much time, rather than having to hunt based on a human transcriber's time code, which could be several seconds off.

”

Security

Your data and security are our top priority which is why no one sees your data but you. Our ISO 27001 certified platform ensures best-in class security.

Support

Our dedicated support team is on hand to help you get the most out of Trint.

Integration

Use our powerful APIs to connect Trint to your most used systems to power your onward workflows.
