

THE ZIOSK ORIGINAL

AN ORIGINAL FOR OVER A DECADE

Ziosk invented the tabletop dining space, and we've learned a lot over the years. Our platform drives guest satisfaction and frequency, turns tables faster, decreases labor costs, improves guest feedback and delivers actionable insights to better manage teams, businesses and guest relationships. And now, we've created a next-gen device that brings tabletop technology to a whole new level.

Totally redesigned to meet today's business needs

We may have been the first to the table, but we haven't rested on our laurels. Here's how we've made our new Original tablet even better:

- 20% Smaller Footprint
- 34% Larger Screen
- 2.3 Million Pixel Display (300% increase)
- 8 MP Camera
- Larger Indicator Light for greater Server Visibility
- Lower center of gravity for more stability
- Auto-Cut Printer to Eliminate Paper Jams
- Contextual pin pad that illuminates during payment
- Contactless Tap to Pay Functionality
- New Battery with Easy Release Latch
- New and Improved Battery Charger
- Plus, all of the Ziosk features you already love, like menus, ordering, entertainment, payments, and more

Visualize a next-gen dining experience.

[Ziosk Original](#) has tools you'll love and features built to take your dining experience to the next level.

WHY THE ORIGINAL?

PAYMENTS MADE EASY

In the ever-changing payment landscape, it's only smart to future-proof your payment to be flexible for guests while avoiding costly data breaches. With our Pay-at-the-Table functionality, guests can pay their check without their card ever leaving their hands (or without a physical card at all) while the Ziosk's payment security features eliminate chargebacks for merchants.

- Future-proofed payment processing accepts Mag stripe, Chip cards, Mobile payment, Chip & PIN (international)
- All-In-One, EMV-Enabled Payment Card Reader with Tap to Pay Functionality
- P2PE Secure—swipe to payment gateway
- PCI Compliant*

*Validated by an independent Quality Security Assessor and is PCI DSS and PA-DSS 3.2 Compliant for Level 1 Merchants.
