

THE NEW ZIOSK PRO

REVOLUTIONIZE YOUR WAITSTAFF WITH ZIOSK PRO

Doing more with less: it's a recurring theme in the restaurant industry. Now with waitstaff harder to come by and more expensive than ever, you are looking for ways to make your current staff work smarter for your business. The makers of the first restaurant tabletop tablet have been hard at work to create the best tablet to meet the current and future needs of your restaurant.

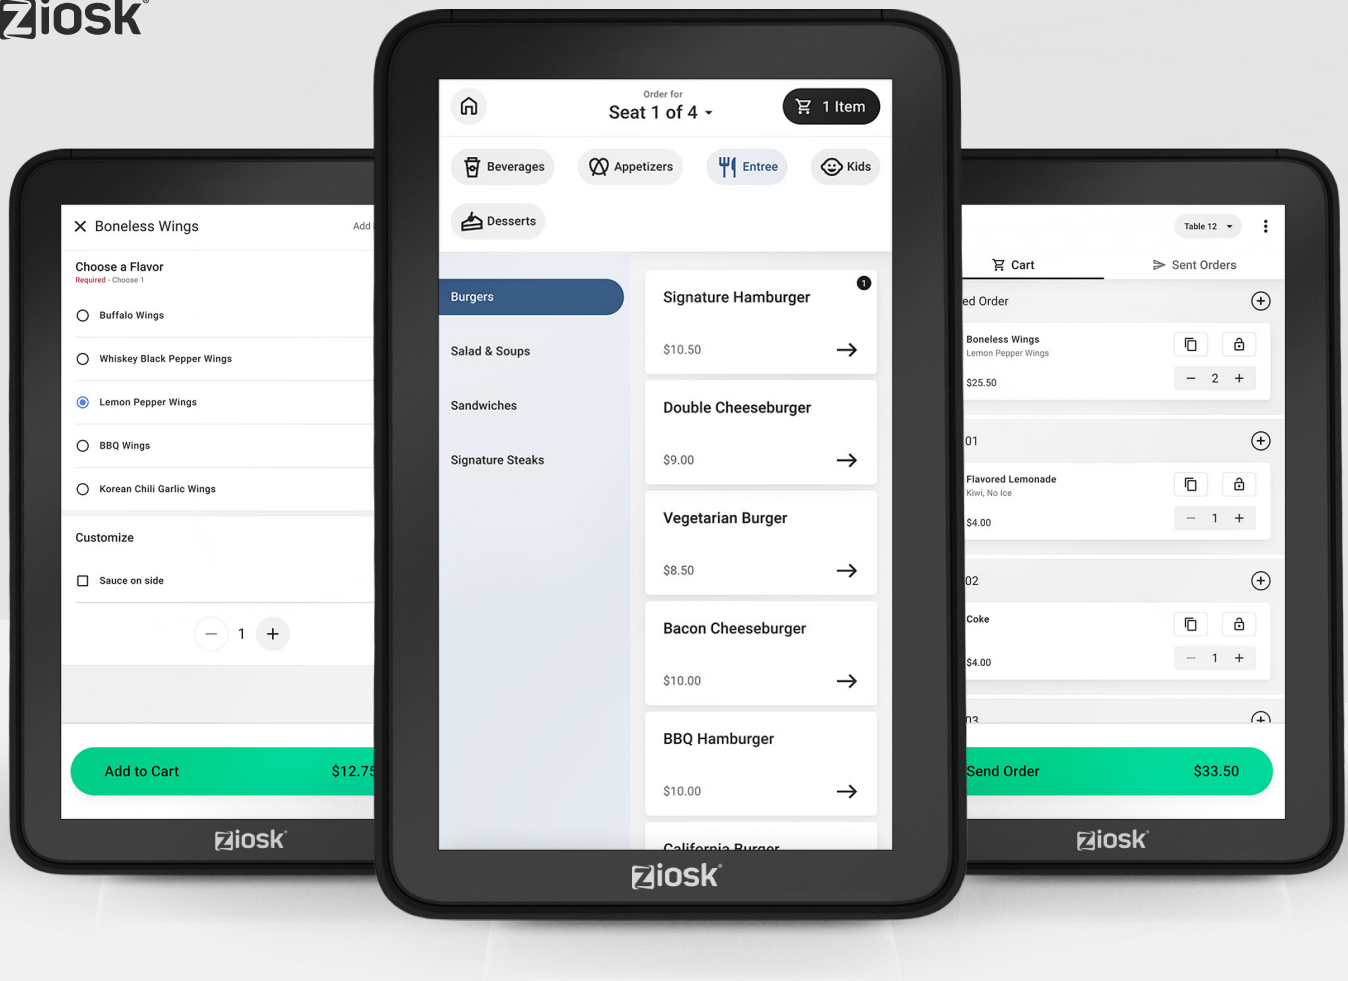

Designed with your business in mind

- The smallest, lightest and most versatile tablet on the market
- Designed for casual dining, fast casual, quick service, outdoor dining and more
- Allows fewer servers to wait on more tables, saving time and reducing staffing costs
- Intuitive User Experience can be learned in 1-2 shifts
- Wireless charging with space-saving battery tower
- Secure contactless payments including EMV, NFC & has P2PE and bar code support
- Supports all mobile wallets: Apple Pay, Google Pay and Samsung Pay
- Ruggedized for the restaurant environment
- Different user modes for table service, pick-up, to-go and line busting
- Can work seamlessly with other Ziosk form factors or on its own
- Delivers FOH Operational Efficiency, Labor Savings and Order Accuracy

Business impact comes standard

With pricing starting at **only \$99** per month, the Ziosk Pro Server Tablet can impact your business on day one.

Contact your sales rep today to revolutionize your waitstaff with Ziosk Pro.
